

A STORY IN PICTURES

A graphic illustration of the thousands of dollars damage done to homes in Kelowna, can be seen from the pictures below. The photographs were taken eight hours after the murky waters of Lake Okanagan surrounded homes in the vicinity of Vimy-Beach avenues, Tuesday morning. (All photos by Ribelin Studio.)

The home of J. F. Fumerton, 228 Vimy Avenue, was completely surrounded by water when this picture was taken Tuesday. It will probably be several

weeks before the water subsides to any marked degree so that an estimate can be made of the damage.

Roy Pollard, one of the residents who felt the brunt of the flood waters when they surrounded homes in the Vimy-Beach Avenue district, is shown driving

his car along McDougall Avenue. Lakeshore residents in this vicinity woke Tuesday morning to find their property inundated with water.

The home of Peter Murdoch, 197 Vimy Avenue, was completely inundated with water. Damage to property will run into hundreds of dollars. Some of the shrubs taken from in front of his home, can be

seen sitting on top of the sandbags. The Courier's news editor, W. Beaver-Jones, is seen wading through the water, which in places was more than a foot deep.

Residents in the vicinity of Manhattan Beach, also felt the brunt of the flood waters this week. Water has seeped across the roadway in many places, and basements are flooded. In the above picture

D. R. Butt's home has suffered extensive damage. A catwalk has been constructed so that the occupants can enter the home.

Extensive sandbagging has, to a great extent, prevented the murky waters of Okanagan Lake inundating the area along the lakeshore at the foot of Strathcona Avenue. On the left can be seen the home

of Dr. and Mrs. Walter Anderson. Members of the Gyr Club formed a sandbagging party and prevented the Anderson home from being damaged.

When this photo was taken Tuesday afternoon, water was 32 inches above the five giant furnaces which are responsible for producing sufficient power for operating the mill. W. Beaver-Jones, Courier news editor, is shown standing on top of the roughly-

constructed dyke which is keeping the waters back. Five pumps are going 24 hours daily in the furnace room to prevent the water from extinguishing the fires.

Grim Battle Rages

Local Mill Operating Under Severe Handicap But Victory Is in Sight

by "THE BEAVER"

Battle to supply the Okanagan's anticipated record fruit crop with sufficient shuck in order that the produce may be shipped to distant markets, is raging at its height.

As the ever-encroaching murky waters of the Okanagan Lake lap away at man-made dykes, the next 48 hours may hold the answer to whether the S. M. Simpson Ltd. mill will close down, cutting off the valley's main source of box shuck. Yesterday afternoon when I made a thorough inspection of the plant, the lake has only to come up another two inches before the five giant furnaces will be silenced — silenced for probably two to three months. Not only will this be disastrous to the fruit industry, but closing of the mill will stop a monthly payroll of \$90,000, while the entire construction trade and building supply houses will be affected.

Accompanied by Horace Simpson, assistant manager of the lumber mill, I got a first-hand view of the tremendous battle that has been going on at the mill plant for the past three weeks when the rising

lake water first started to seep into the huge lumber yard.

Five huge furnaces which supply the necessary steam and power to turn the giant-sized turbines, are operating under almost miraculous conditions. Water, 32 inches high, is being held back by crudely-constructed dikes. Even with these emergency steps, water still seeps into the furnace room, and were it not for five pumps operating 24 hours daily, the furnace fires would have been extinguished long ago.

Touch and Go

It's still a case of touch and go, and during the past week, special crews have been re-inforcing various sections of the plant. Working against time, the mill is turning out approximately 18,000 apple boxes a day, in addition to veneer supplies and lumber for the domestic market. Were it not for flood conditions, an extra crew would be employed in an endeavor to double this amount. The mill is now operating 17 hours a day. If machinery ever came to a standstill, damage would run into

thousands of dollars, as the furnaces are lined with a special plastic firebrick. Water would damage this material to such an extent that the furnaces would probably have to be re-lined.

Severe Handicap

One could not understand the handicap the mill is operating under without a first-hand inspection. Down in the bowels of the mill, millworkers, who normally go around in shirt sleeves, now tend to their duties dressed in high-rubber boots. Water seeps down on the workbenches as the water-soaked logs move awkwardly up the conveyors into the mill. Electric motors have already been raised six inches and are now sitting on wooden blocks. Steel conveyors which hold the logs in position as they enter the mill, pass through a foot of water; special protectors are built around the leather belts which drive the machinery; debris is floating around in the basement as mechanics and other employees go about their various tasks, while

Okanagan Lake Shows No Increase In Past 24 Hours

Waters Fail to Rise for First Time in Three Months — Peak May Have Been Reached — Damage to Homes and Gardens Will Run Into Thousands of Dollars — No Estimate Available for Some Time

Homes Surrounded by Water

FOR the first time in more than three months, waters of Lake Okanagan have failed to rise, indicating the peak has now been reached. This morning's official lake level reading was 104.81 feet, but lakeshore residents and civic officials were keeping their fingers crossed this morning, lest the rain-laden clouds hovering above the mountain tops, drop more moisture that will aggravate the already-swollen lake. But as the murky waters gradually subside, they will leave behind untold damage to homes and gardens from the northern tip of the city limits to the Okanagan Mission area. No estimate of the damage to homes has been made, but the figure will run into many thousands of dollars. It will probably be several months before lakeshore residents will be in a position to obtain an accurate figure, while livelihood of several people in the Okanagan Mission area has been severed completely.

Lakeshore residents in the vicinity of Vimy, Lake, McDougall and Beach Avenues felt the brunt of the flood waters when they woke up early Tuesday morning to find their homes completely surrounded by the flood. Water inundated their homes when the lake rose above the level of the dyke the city had built at Lake Avenue and McDougall. The water flowing over the dyke filled the Lake-Vimy avenue basin, rose above Vimy Avenue and flooded the properties from Vimy to Beach.

Most seriously affected by this condition were the homes of W. Jolley, F. K. Parker, Mrs. L. Jernens, C. Quinn, H. B. Simpson, Mrs. E. M. Williams, P. Murdoch, J. F. Fumerton, J. F. Hampson, Mrs. N. M. Pettigrew, J. J. Thomson, J. R. Beale and T. L. Fumerton.

In this area, the homes of A. R. Pollard, R. W. Seath, D. S. Sutton, W. H. H. McDougall, Miss C. Fairbanks, H. Wood, J. E. Burt, and H. G. Coles had already been in the water for many days.

On Riverside Avenue, the properties of G. Russell, W. S. King, S. A. Burch, H. Ryan, H. T. Mitchell, W. Green, C. G. Newby, Mrs. K. Longley, G. L. Finch and S. M. Gillespie have been almost entirely under water for ten days.

Wednesday night, city workmen and truckers toiled far into the night hauling gravel in an effort to build up the roads in the vicinity of Lake, Vimy and Beach Avenues, in order that the water could be pumped back into the lake. Water in places was about two feet deep, and after city pumps went into action, they managed to reduce this by four and a half inches this morning. Yesterday, majority of people in this vicinity were unable to gain access to their homes, and had to use rowboats and canoes. City officials are fearful that a strong wind may splash water over the man-made dykes, causing the murky waters to create additional damage.

S. M. Simpson Ltd.'s mill is still operating, and a spokesman for the company figures it could continue to function for a few more days providing the lake does not continue to rise.

Hon. E. T. Kenney, B.C. minister of lands and mines, will arrive in Kelowna over the week-end to inspect the damage.

LAKE LEVEL

	feet
Level this morning	104.81
Level last Monday	104.75
Increase since Monday06
Agreed Maximum	102.5
Previous record high, 1928	104.5
1942 High	104.12
Present flow, Penticton, 1330 cfs	
Flow, Penticton, Monday, 1236 cfs	

The water which inundated lakeshore gardens, will not subside to any marked degree for another month or six weeks. The City Park is almost completely covered with water, and automobile traffic has been closed for over a week.

The Manhattan Beach area has also received its share of flood damage. Water is seeping across the roadways, while many homes are surrounded. Despite repeated warnings, many residents are still using septic tanks, and civic officials warn drastic action will be taken if this continues, as it will only create a health menace.

Delay Flow

The flow at the Penticton control gate this morning is 1,330 c.f.s. This is the highest point reached this year. The normal capacity of the river without flooding is 800 c.f.s. The river is now carrying approximately the amount of water it did when the creeks were in flood. At that time only 500 c.f.s. was leaving the lake.

It will take several days, probably a week for the increased flow to be felt at Oliver. This is because the additional water must fill Skaha and Vaseau Lakes, which act as reservoirs, to their capacity to handle this flow. This also applies to the flooded areas. In other words the two lakes and the flooded areas will absorb sufficient of the increased flow to delay the impact at the Oliver syphon for five or six days.

Maj. Hodson, engineer in charge of the Oliver irrigation system, told the Courier this morning that he had rigged up a dragline south of the river at this point. This, he expects, will lower the level of the river at the syphon by five or six inches. Sandbagging has also been Turn to Page 16, Story 2

LOCAL FLOOD FUND HITS \$28,000 MARK

Kelowna and District unit of the B.C. Flood Emergency Fund reported \$28,000 in hand this morning, \$3,000 more than the minimum objective of \$25,000 set when the drive started over two weeks ago.

Secretary-treasurer J. Stephens said a number of districts are still to be heard from and he expected the amount collected by the canvass would reach the \$30,000 mark.

All funds in hand will be transmitted to Vancouver shortly and the total fund will be administered by Canadian Red Cross Society, B. C. Division, under Maj.-Gen. F. F. Worthington. The general is expected to arrive in Kelowna the latter part of this week to survey flood damage and to discuss with local Red Cross officials what relief, if any, is necessary in this area.

In an official statement from Mr. Stephens, also vice-chairman of the drive, the canvassers were "urged to get their canvases completed and turn their funds and receipt books in."

"The committee desires at this time to express to all canvassers, as well as to donors and to the press, radio and banks, its sincere appreciation for the wholehearted and generous response given to this very worthwhile cause," the statement said.

A telegram from the Vancouver headquarters of the fund said: "We wish to thank you and all members of your committee for excellent work. The committee and the community has done for flood sufferers." The wire was addressed to Mr. Stephens and was sent by Ralph Brown, on behalf of the B.C. Flood Emergency Fund.

PARLEY WON'T BE ON SHIP

The annual meeting of the B.C. Municipalities' Association will not be held aboard ship, as was proposed several months ago. City Council was informed Monday night.

Council was requested by the secretary of the association to forward resolutions as soon as possible for consideration at the annual meeting.

MORE DETAILS ON BICYCLE TAX WANTED

Traffic Advisory Committee Recommends All Bicycles Should Be Licensed

Despite the fact the traffic advisory committee recommended to City Council Monday night that all bicycles in the city limits should be licensed, City Fathers were not very receptive to the idea, and before any action is taken, a report will be prepared showing the number of bicycles stolen and recovered during the past six months.

While one or two of the aldermen were in favor of the move, chief bone of contention was that the license would prove a financial loss. Some thought there would be a greater control of bicycle traffic if the machines were taxed, and that it would also assist police in the recovery of stolen bikes. The matter has come before council several times in the past, but no action has been taken.

This picture was taken behind J. E. Todd's greenhouses, who has suffered heavily as a result of the high water. Photo shows how the water has over-

flowed Mill Creek banks, inundating The City Park. On the left is a rowboat, which is anchored in the normal creek bed.

THURSDAY, JUNE 24th, 1948

Hospital Bylaw

On June 29th, a bylaw will be submitted to the ratepayers of Kelowna to raise the sum of twelve thousand dollars in order to provide increased accommodation in the hospital.

The provincial government has already agreed to contribute four thousand dollars as its share of the overall cost of sixteen thousand dollars.

This expenditure will provide at least ten more adult beds, and will, in addition, double the capacity of the children's ward which will be re-furnished and modernized.

There is little need to stress the overcrowded conditions which have prevailed at the hospital for some considerable time, and which have been of the utmost concern to the hospital board and medical staff alike.

The board has hesitated, however, in recommending the construction of a new wing which would cost from three to four hundred thousand dollars, of which the City of Kelowna would be asked to contribute two-thirds. Present construction costs are extremely high and, in addition, the board thought it advisable to await clarification of the new policy now being inaugurated by the government.

By making certain structural alterations, and additions to the existing hospital buildings, the increased accommodation thus provided, will go far to overcoming present conditions for some time to come.

The hospital authorities are, therefore, appealing to the tax payers and citizens of Kelowna to support this urgently needed plan by turning out in sufficient numbers to assure the passing of the bylaw on June 29th.

Needed: A United Voice

There is no doubt that the entire Okanagan from Kelowna south to the border is heartily sick of the periodic flooding of Okanagan Lake and the river communities. It has now happened three times in the past six years. The past control measures have been unsatisfactory, not through any stupidity on the part of officials, but simply because they have not had tools with which to work.

A group of dominion and provincial engineers surveyed the Okanagan watershed and in 1946 made a report recommending certain developments which, it was estimated, would cost \$1,700,000. The report was a complete one, covering irrigation as well as flood control. The principal recommendation was the widening and straightening of Okanagan River to enable it to carry the flood waters of the creeks and the lake without property damage. It provided for the river capacity being stepped up to carry 2,100 c.f.s. at the mouth and being increased to the south to handle the flood waters of the various creeks. At present the capacity of the river is about 800, without any flooding.

The Kelowna Board of Trade has suggested to all similar bodies and all municipalities affected that a joint body be formed to press for the implementation of the engineers' flood control report.

There is no doubt that all parties desire a solution to the problem. Such a joint body could concentrate on the long term viewpoint and thus eliminate the current irritating questions affecting the viewpoint of the various communities. At the moment the representations of individual bodies are prone to be concerned with current problems.

It has been estimated by an engineer, who had much to do with the flood control report, that the whole project could be finished within two years. Provided, of course, that an honest effort is made and the required government appropriations are made available.

Without some single representative body to plead the case for action of the whole Valley, it is quite possible that an implementation of the report may drag on over a long period of years. What is needed is a body which can speak for all communities in urging complete action immediately.

The Oliver Syphon and the Lake

The syphon of the Oliver irrigation development is now playing an important part in the level of Okanagan Lake. It is directly affecting the amount of water which is allowed to leave the lake for the river.

The irrigation flume leaves the east side of the valley opposite the town of Oliver and descends to the Valley floor, being carried across it by a series of concrete trestles. It crosses the river on a wooden bridge and then goes underground through the town of Oliver itself. The east bank of the river at this point is low and the trestle work is on comparatively low ground.

It is upon this ditch and its syphon that almost the whole of the Oliver-Osoyoos district

depends for water. There is a comparatively small acreage which exists through pumping, but, for all practical purposes, the failure of this ditch to deliver water over a lengthy period of time would mean near-disaster to the district from Oliver to the border. Fruit trees and vegetable crops cannot exist without water and whether the trees or any proportion of them could live through the hot Oliver summer is extremely doubtful.

The officials in charge of the development and the people of the Oliver-Osoyoos area are naturally concerned about the safety of the syphon. The people of Kelowna who appreciate the situation are, too, although naturally in a more detached manner. No one would desire anything to be done which would jeopardize that syphon.

Perhaps, in their anxiety, the irrigation engineers do lean backwards in their safety measures. No one can blame them for that. Certainly there is no person who would urge measures which would result in the danger to the syphon. Certainly the Kelowna area has no desire to seek relief from its plight at the expense of the destruction of the prosperous border communities.

There was a period three weeks ago when irrigation officials at Oliver were very concerned about the syphon. At that time, thanks to the uncontrollable mountain creeks, the river at that point was in high flood (only 500 c.f.s. came from the lake then) and spread over its south banks, running through the concrete trestles. It was the undermining of these that was feared. On Monday night, the river had again risen—85 feet since Sunday afternoon—and was approaching the trestles again.

The difficulty is that what control exists is too far away from the syphon. The only control is the river gates at Penticton. It takes three to four days for the effect of any rise or decrease in the river flow at Penticton to be felt at Oliver.

Under such conditions it is impossible for the engineers in Oliver to advise the Penticton control to increase the flow by, say, 500 c.f.s. With weather conditions as they are this amount of water might be started down the river and in the three-day interval before it reaches the syphon, there might be considerable rain in the hills. McIntyre, Ellis, McLean and other creeks, might well put an equal amount of water into the river and instead of an increase of 500 c.f.s., it might well be 1,000 and disastrous to the syphon. The time-period of the control at Oliver and the uncertainty of this year's weather are important factors in the regulation of the flow from the lake.

On the other hand, there is every reason to believe that the Oliver engineers are anxious to co-operate with the lake communities to the extent of the syphon safety factor. There is good reason to believe that Oliver will advise the Penticton control the minute it is seen that there is a possibility of taking any more water with a reasonable amount of safety. Moreover, there is reason to believe that, as far as Oliver is concerned, the syphon safety is the only governing factor. The engineer in charge has stated that flooded meadows and the few flooded buildings are not being considered in any manner.

Conversely, should the weather remain bad in the Oliver area and the creeks put more water into the river than is anticipated, it is quite possible that Oliver may be forced to ask that the flow from the lakes be reduced. This, of course, would be a bitter pill to the lake communities, but it would have to be remembered that the reduction is being asked in order that the Oliver syphon be protected and the hundreds of orchardists in the prosperous border area be saved from disaster.

As far as Kelowna is concerned it has the flood and will have it all summer. It would not—could not—ask for a water flow from the lake that would jeopardize the Oliver area and at the same time only reduce its own suffering by a couple of weeks or a month. It is reasonable to believe that Oliver throughout the summer will take all the water it can consistent with the safety of the syphon. That is this year's situation.

However, while the Okanagan "has it" for the summer, and there is little that can be done about it, every effort should be brought to bear by a united Valley to press for the immediate implementation of the engineers' report for flood control. If this project were now in operation, it would have been possible over the past three months to allow 2,100 c.f.s. out of the river without danger to any other community to the south, or to the Oliver syphon. The net result would have been that probably the agreed maximum figure of 102.5 could have been maintained.

Oleomargarine As a Food

In view of the current discussion in Canada centering around the use of margarine in this country, a report recently published by the Journal of the American Medical Association is of interest. The Journal reports that a two-year study of 267 children reveals no difference between butter and margarine fortified with vitamin A so far as their effects on growth and health are concerned.

Investigators who made the study through the Department of Pediatrics at the University of Illinois College of Medicine, Chicago, are Drs. Harry Leichenger, George Eisenberg and Anton D. Carlson.

"Two groups of children were included in the study, which covered a period of two

years," the investigators report. "One group received only margarine as the table fat in the diet. It was used on bread and vegetables, as well as in the making of pastry and in frying. The margarine used was all derived from vegetable fats, and contained no fat from animal sources. The second group of children used only butter for the same purposes."

"The margarine group lived in an institution housing 130 children ranging in age from three to 16 years. The children were half-orphans, for the most part from broken homes."

"The butter group was in another institution some 10 miles away. It included 125 children ranging in age from six to 17 years, who were mostly orphans."

"The diet in each institution was carefully supervised by trained dietitians and so regulated that 25 to 30 per cent of the total calories were supplied by fat. The margarine constituted approximately 65 to 70 per cent of the total fat calories."

"All of the children in both groups were weighed and measured each month under medical supervision. A careful check was made from time to time to be sure that weights and measurements were accurately determined. Routine red blood cell counts and hemoglobin determinations were made on each child after the study was started and again one year later. Specialists in pediatrics supervised the medical care of all the children. A record was kept of the character and duration of all illnesses contracted by the children."

"Growth of the group fed margarine, as

determined by increases in height and weight, was comparable to that of the children fed butter and to standard height and weight values for the same age group."

"Furthermore, it was noted that in the margarine group there was no increase in the amount of illness. Illnesses in general had been on the decline in the margarine group for the last four or five years, and this decrease in the incidence of illness continued during the period of the study. This compares with conditions present in the community for the last five years."

"It was interesting to observe how the children accepted margarine. When it first made its appearance on the table—in its white form—and the study was explained to the children, the younger children promptly accepted it. The children in the older age group did not take to it too kindly. Very shortly thereafter, however, a shipment of colored margarine came in. This was cut up into the usual pats and all the children then ate it readily and liberally. Thereafter, it was always served cut in pats and colored."

"At no time during the period of the study was it considered that vitamin A played any definite role in the results of the study. The reason, of course, is that all the margarine used contained 15,000 units of vitamin A per pound—which is equal to or greater than the amount present in average butter."

"Blood studies showed that there were no significant differences between the margarine or butter groups."

Kelowna In Bygone Days

From the Files of The Kelowna Courier

TEN YEARS AGO

Thursday, July 23, 1938

Two Kelowna teams from the Volunteer Fire Brigade brought back the highest honors in the competitions at the sixth B.C. Fire Chiefs' College held in Vernon this province.

The longest day of the year this year was a hot one, with the mercury reaching 96 on June 21. It was 87 on the 20th.

In one of the most sensational fights in heavyweight history, Joe Louis last night retained his crown by smashing Max Schmeling to the canvas in two minutes and 20 seconds of their return match.

Kelowna is to have 14 letter boxes distributed in various sections of the city for mail pickup, according to advice received by Postmaster E. R. Bailey.

Unless sawmills and individuals hauling sawdust and shavings through the streets extend better co-operation, the city may enforce the by-law which provides that a man must walk beside a load of sawdust and shavings and pick up every bit that falls or blows onto the road.

Dan Currell, Kelowna Golf Club champion, Sunday added further to his golfing laurels at the local course when he whipped Chester Owen in the final of the Rees Cup, the outstanding handicap trophy play of the year.

On Monday night the city council unanimously passed the by-law changing the name of Eli Ave. to Harvey Ave.

TWENTY YEARS AGO

Thursday, June 21, 1928

Presentation of the charter to the Rotary Club of Kelowna was officially accomplished at the Elvedore Arms on Tuesday. H. F. Rees is the first president here.

A movement has been started by Penticton anglers for restoration of the old railway construction road leading to Chute Lake from the south.

An aged Chinese, believed to be an octogenarian, slipped off the Kelowna-Westbank ferry Monday and drowned.

The dominion department of public works plans to hold a public enquiry into the level of Okanagan Lake.

E. J. Chambers was re-elected president and D. M. Ratnayake vice-president of the Associated Growers at its annual meeting held last week. K. W. Kinnard replaces G. A. Barrat as secretary-treasurer, the latter having resigned.

The coveted Henry Birks tennis cup was brought to Kelowna from Salmon Arm by A. E. Hill and L. J. Logie on Sunday.

Penticton dined Kelowna's win streak on Sunday when it won 6-2 in an Okanagan Valley league baseball game.

THIRTY YEARS AGO

Thursday, June 20, 1918

A tax levy of 33.8 mills was set by the council for 1918 on Monday. General levy is 5.8, debenture levy 19.4 and school 8.6 mills. Expenditures are estimated at \$103,394.47, plus \$2,898.21 or rebate taxes. Ordinary revenues totalled \$48,411.87, leaving \$57,882.61 to be collected by taxation.

Twelve hundred feet of hose was brought into play to extinguish a fire in a chicken house belonging to the Catholic pastor, Father Verbeke.

Another Chinaman was arrested by Chief Constable Thomas on Saturday, having had opium in his possession.

FORTY YEARS AGO

Thursday, June 18, 1908

Dr. Gaddes returned from the Pacific Coast, accompanied by 29 persons, who will inspect the lands of the Central Okanagan Land & Orchard Company.

Rowcliffe Bros. have their building next to the post office almost completed.

Mr. and Mrs. Paul Prozensky arrived from Winnipeg on Friday, Gordon S. Wismer, K.C. The wing,

the former planning erection of a cigar factory here.

L. C. Aiviss has launched the fine new motorboat he has been building for Mr. Leckie-Ewing of Okanagan Landing. It measures 29 feet by 5½ and has a speed of 15 miles an hour.

Fred Brent, pioneer resident of the Okanagan Mission valley, arrived from California last week with his daughter, Mrs. C. M. Renshaw, who has been visiting him. Mr. Brent is a veteran of the Civil War in the United States and is 80 years old.

J. B. Knowles started a lively discussion at the Kelowna Board of Trade meeting by stating that the city streets are in filthy condition. The board is asking the city to clear up the debris.

From the B.C. Capital

FLOOD DAMAGE SURVEY

Hon. E. T. Kenney, Minister of Lands and Forests was authorized at a special meeting of the Executive Council last week to proceed immediately on a tour of the province in order to survey the damage done in other parts of British Columbia outside of the Fraser Valley flood area.

It will be his responsibility to report to the Government the damage together with his recommendations.

On approval of any such recommendations made by Mr. Kenney, immediate action will be taken by the Provincial Government to carry them into effect.

SURVEY FOR U.S. HIGHWAY

A survey party is now in Washington State charting a route that officials here hope will become part of a main British Columbia highway. It was announced recently by the Hon. E. C. Carson, Minister of Public Works, Governor of the Province of Washington gave permission for this work after Mr. Carson presented his case for 21 miles of road through Washington so that two difficult summits in the Cascades could be avoided between Patterson and Coeur d'Alene.

Mr. Carson stated that with preliminary details complete, the Governments of British Columbia and Washington State will proceed to secure approval of the route. The road will be under Canadian jurisdiction and there will be no customs or immigration officials on either end.

HYDRO SITE SURVEYS

The resumption of surveys of potential hydro sites in British Columbia, interrupted by the war, with three parties working in the Cariboo and West Kootenay districts was announced by the Hon. E. T. Kenney, Minister of Lands, this week.

Two of the parties are studying the Cottonwood and Prince George canyons on the Fraser River north of Quesnel collecting complete data on the power, flood control, irrigation, navigation and fisheries aspects of the Fraser at these points, and are under T. A. J. Leach, hydraulic engineer and J. A. Merchant, assistant hydraulic engineer, the Minister stated. Later this year the rock structure in these canyons and in the Soda Creek, Moran and Lillooet canyons will be examined by Dr. Victor Dolmage to determine their suitability for dam abutments. The third party is surveying the Goat River in the West Kootenay district to determine the feasibility of utilizing the stream for irrigation. The Camp Lister area and is under V. L. Mosher. Later in the season this party will move to the Okanagan to search for possible additional sources of water for irrigation in that region, Mr. Kenney announced.

REDUCED POWER RATES

E. R. Weston, chairman of the British Columbia Power Commission, announced this week that a general reduction in rates for electricity in the Vancouver, Duncan, Qualicum, Parksville and Salt Spring Island areas will take effect June 15. Overall reduction on a weighted average for domestic power is 17.5 per cent and 16.3 for other uses and service charge has been abolished.

RENOVATION OF OAKALLA

A wing of Oakalla Prison Farm is to be renovated shortly to accommodate 150 inmates it was announced this week by Attorney-General Gordon S. Wismer, K.C. The wing,

when completed, is to be used for young offenders until the building of a new jail for this purpose is feasible, the Attorney-General stated.

U. K. ORDERS

Hon. Leslie H. Eyres, Minister of Trade and Industry, reported upon his return from the United Kingdom that the B.C. buyers' delegation placed orders for goods amounting to \$8,310,000 and more than 750 business contracts were made. Mr. Eyres also said that he and E. G. Rowbottom, Deputy Minister of Trade and Industry, interviewed a number of British firms about locating in British Columbia and on the way home were able to further negotiations with eastern Canadian firms interested in manufacturing in B.C.

COAL OUTPUT

C. MacDonald, Minister of Mines, reported that British Columbia collieries produced 119,333 long tons of coal in May of this year, an increase of 2,785 tons over last year.

For making an incorrect traffic turn on a city thoroughfare, A. B. Schram was fined \$2.50 and costs in city police court June 22.

MOVES TO AID
FLOOD VICTIMS

VICTORIA—Acting on recommendation from the Fraser Valley Relief and Rehabilitation Commission, the Government of British Columbia has made four important moves to set up the organization to operate under the supervision of the commission and at the same time define the basis on which rehabilitation dykes, pumping water from inundated lands, removing debris and the complete reconstruction of the dyking system.

Action taken was as follows:
1. Hon. Frank Putnam, Minister of Agriculture, was authorized to have his department take over completely the problem of making available necessary feed for livestock both for immediate use and for next winter's supply; supply seed for owners of houses and farm buildings planting and generally carry out necessary measures for restoring farms to their former usefulness.
2. Hon. R. C. MacDonald, Minister of Municipal Affairs, was authorized to restore houses and buildings as nearly as possible to their former condition for the purpose of getting the people back into their homes. Such work is to be carried out in conjunction with the provincial representative.

operation of the municipalities concerned.

3. Hon. G. S. Pearson, Minister of Health and Welfare, has been authorized to have his Health Department take full control of health matters in the affected areas and issue certificates of health to facilitate families to re-occupy their homes.

4. Hon. E. T. Kenney, Minister of Lands and Forests, was authorized to appoint Mr. Bruce Dixon, Dyking Commissioner, to direct operations in conjunction with repairing dykes, pumping water from inundated lands, removing debris and the complete reconstruction of the dyking system.

In each distinct organization of operation as outlined the Dominion Government will be requested to appoint their representatives to work in concert with the Provincial Government officials. In all rehabilitation work it is expected that the complete reconstruction of the dyking system to the fullest extent possible.

This action followed conferences last week between Premier Johnson, the Executive Council, Major General B. M. Hoffmeister, C.B., C.B.E., as nearly as possible to their former condition for the purpose of getting the people back into their homes. Such work is to be carried out in conjunction with the provincial representative.

NEW HEAD OFFICE FOR NEWS ASSOCIATION

The Canadian Press, national news co-operative, has started construction of a new head-office building in Toronto, Ont., from which world and Canadian news will flow by wire to daily newspapers and radio stations from coast to coast. Two storeys as pictured above will be completed in August, with

provision for two more later. The building, on University Avenue near King Street, will also house the Canadian Daily Newspapers Association and Press News Limited, C.P.'s radio subsidiary. It is designed by Mathers and Haldenby of Toronto under the personal direction of Brigadier Eric Haldenby.

EAST KELOWNA FLOWER SHOW AT PEACHLAND BIG SUCCESS

EAST KELOWNA—Mr. and Mrs. F. J. Foot have as their guest for the summer months, Miss Sholagh Chapman, of Toronto. Miss Chapman recently graduated as a kindergarten Primary specialist at Toronto University. She is also a pupil of Mrs. Borrie Hamburg.

Mr. H. Miller and son, Lloyd, of California, are guests of Mr. and Mrs. C. Ross.

Mr. and Mrs. A. Harvie have returned from a visit to Vancouver.

Mr. J. R. Rehlinger has left on a business trip to the States.

Mr. W. Griffiths, of Vancouver, is a guest of Mr. and Mrs. Spencer Price. Their week-end guests were Mr. and Mrs. Earl Conn and Mr. and Mrs. Jack Simpson, of Kelowna.

The dance held in the Community Hall on Friday last, was sponsored by the newly formed Big Apple Archery Club, which is under the supervision of Bill Wilcox, Pro-Roc instructor.

The Rythmeters Orchestra supplied the music. There was a good crowd.

Athlete's foot is a highly contagious ringworm whose spores live indefinitely in socks or clothing.

BIG INCREASE

Pulp and paper production in Canada increased from \$8,000,000 in 1900 to \$730,000,000 in 1947.

The osprey, or fish hawk, is usually about two feet long with a wingspread of about six feet.

RED SHIELD DRIVE SHORT OF OBJECTIVE

June Canvass Cancelled Owing to Flood Emergency Fund; \$2,812.75 Collected

The Salvation Army Red Shield Appeal, which was held in May, realized the total of \$2,812.75.

Some districts were scheduled to be canvassed in June. However, owing to the fact that the flood emergency fund was launched it was thought best to cancel these arrangements. This means that the effort fell short by \$800 of the \$3,600 quota.

An appeal is made to all who have not been contacted to send donations to the Salvation Army, Box 513, Kelowna.

The judges were H. Evans, of Vernon, and Ben Hoy, of Kelowna.

Mr. Evans, speaking after the flowers were judged, congratulated the W.P.A. on the display which was of a high quality notwithstanding the rain. With a few well chosen words Mrs. J. Cameron opened the flower show and a little later in the afternoon thanked the judges for their work. Mrs. H. M. Ibbotson was convener of agriculture and in charge of the display of flowers and the tea table. She later presented prizes to the winners.

Mrs. Cameron, Mrs. H. S. McDonald and Miss M. Leach helped to arrange the flowers in the different classes.

The Grote Stirling Rose Bowl was won by Mrs. J. Currie with the 1st prize for the bowl of roses; 2nd, Mrs. A. Smalls; three roses, Mrs. A. Smalls, Mrs. J. Currie; one rose (named) Mrs. S. A. Smalls, Mrs. J. Cameron; climbing roses, Mrs. F. Bradley, Mrs. J. Currie; bowl of pansies, Mrs. J. Cameron, Miss M. Leach; Iceland poppies, Mrs. F. E. Wright; pyrethrum, Mrs. J. Lingo, Mrs. K. Domi; iris, Mrs. F. Bradley, Mrs. J. Bush; columbine, Mrs. J. Bush, Mrs. G. Smith; pink, Mrs. J. Bush, Mrs. J. Cameron; campanulas, Mrs. G. Smith, Mrs. S. N. Gjerstad; delphinium, Mrs. Bush, Mrs. F. E. Wright; peonies (rare), Mrs. J. Bush, Mrs. P. C. Gerrie; snapdragons, Mrs. G. Smith, Mrs. Gjerstad; flowering shrubs, Mrs. Smith, Mrs. Cameron; flowering houseplant, Mrs. Currie, Mrs. Wright; flowering geranium, Mrs. N. Witt; Miss Leach; collection of wild growth, Mrs. Cameron, Mrs. Bradley; centre piece for table (12 inches), Mrs. Smith, Mrs. Cameron; corsage, Mrs. A. Smalls, Mrs. Cameron; miniature garden, Shirley M. Gerrie, Noel Witt; collection of garden flowers, Miss Leach, Mrs. Cameron; foxgloves, Mrs. McDonald; lillies, Miss Leach.

CHILD BEHAVIOR CAN BE TRACED IN BRAIN WAVES

IOWA CITY, IOWA, (CP)—Brain waves are giving clues as to why some children and adults often are in social and legal hot water.

The waves are electrical impulses recorded from the brain. Certain abnormal waves are found with greater frequency in children and adults with certain personality disorders, studies here show.

These people were not insane, or deficient in intelligence, nor did they have known diseases of the brain or nervous system. They were the so-called psychopathic personalities and behavior problem children, which include many delinquents, ne'er-do-wells, and "black sheep." The brain wave study is one phase of the problem of psychopathic personality and behavior disorders in children being studied at the psychopathic hospital and State University of the Iowa College of Medicine. Study of the brain waves of parents of the children in trouble indicates that the patterns often are inherited. If one or both parents had an abnormal pattern, the chances were that their offspring would have a similar one.

Traced to Childhood

Sometimes the unusual brain waves could be traced to illnesses or injuries of early childhood, although the child appeared to have recovered. The younger the child at the time, and the more severe the illness or injury, the more likely he was to show the abnormal brain waves and personality problems.

In another phase of the study, characteristic traits of parents and children are being compared through personality tests. Many parents were found to be emotionally immature, having traits similar to those of the patients.

It may be possible to connect the different kinds of unusual and unwanted behavior with certain unusual brain wave patterns and with different personality traits.

The early lives of these patients, it was found, almost always were implicated by disturbing environments, such as broken homes, unstable parents, deaths, desertion and alcoholism. These are being studied in relation to personality and behavior.

Such information may help determine what part inheritance and environment play in the development of personality traits that lead to poor adjustment in life.

PIANO STUDENTS GIVE RECITAL

CKOV's studio A was the setting Friday night of a gathering of relatives and friends who met for an informal recital by enthusiastic young students of Phyllis Tren-

with. Giving valuable support at the piano was Mrs. G. D. Cameron. Guest artists were Danny Ferguson, violin pupil of Isobel Murray Campbell, and Betty Manning, piano pupil of Mrs. Cameron. Solists in the junior group were Donald Ross, Ian McClelland, Ronald Anstey, David Kerry, Alden Spiller, Fred Fowler, M. J. Tomel, Gerry Glausen, Betty Egg, Barbara Topham, Peachland, accompanied by Betty Manning; Marian Handlen and Glen Urquhart.

Senior class singers were Jean Ross, Betty Cook, Betty Manning, Maureen Fowler, Verna Maxson and Joyce Austin. Passing their Trinity College exams with merit were Betty Cook and Betty Manning. Others who passed were Ian McClelland, Betty Egg and Barbara Topham.

YOUTHFUL GENIUS

Charles Francois Gounod, famous French composer, won the "grand prix" given by the French Conservatoire for composition when he was 21.

**UNDERSTANDING = MODERATION**

Understanding comes to us

when we see things through the other fellow's eyes...

when we listen through the other fellow's ears...

when we consider the other fellow's point of view at all times.

It's the key to happy living together. For it leads us

to weigh our words and shape our actions for the common good.

Happily a Canadian characteristic, it's this understanding

which leads us to choose the path of moderation in all things...

moderation in our thinking, moderation in our spending...

moderation in our pleasure, moderation in the enjoyment of whisky.

For understanding makes us realize that moderation benefits

not only our own selves, but our families, our communities

and all of Canada.

*Men who Think of Tomorrow
Practice Moderation Today!*

Appear Here Sunday

The world-famous Kitsilano Boys' Band will make a personal appearance here next Sunday night when a concert will be given in the Aquatic grandstand commencing at 8 o'clock. Net proceeds from the concert, which is being sponsored by the Kelowna Lions Club, will go toward the B.C. Flood Relief Fund.

Kitsilano, a suburban district in the City of Vancouver, in 1928 gave birth to a boys' band, now famous throughout the world. The band was founded, and is still conducted by Arthur W. Delamont.

Living near the General Gordon school in Vancouver, Mr. Delamont watched the pupils pass and repass his home day after day. To this man who loved music, they offered a challenge. Why should the latent abilities in these perpetually-moving

children not be harnessed and welded into something worthwhile? Dreams are but the first stage of reality, and it was not long before the first steps in the organizing of the Kitsilano Boys' Band were taken. At first, the most common reaction to this scheme was either lassitude or ridicule, for the pupils of this school were very young. Skeptics pointed out that no successful bands existed whose members ranged in age from 8 to 12 years. But Arthur Delamont persisted and gained the enthusiastic support of the school principal, Captain R. P. Steeves. As a result, on an evening in January, 1928, the first practice of the General Gordon School Band was held in the gymnasium.

Needed Instruments
A band needs, at its beginning, two essentials—players and instruments. Among a group of school-boys, the former is easy to find, but the latter presents a real problem. Members were told to provide their own, and, by various strange means, they did. Attics and basements were searched, friends and relatives were approached, second-hand stores were canvassed, and by these, and other methods, enough materials were collected to begin.

Of course, some of the horns stuck, or were so worn that no amount of rubbing and polishing would make them shine, and many were battered and dented. Others, such as ukuleles and mouth-organs, had to be discarded as they were obviously not "band" instruments. Weirder and weirder, the collection appeared, but to these untrained boys, they all were satisfactory, for they made noises, and what more could a boy ask?

Since that early beginning, the Vancouver Kitsilano Boys' Band, with its ever-changing personnel has made an impression everywhere it has played. The band has made three tours of the British Isles, and about a dozen trips across Canada. It appeared at the Chicago World's Fair in 1933, and took the highest award in its class, making the band a world champion. It has taken high rank in musical competitions in England where the band competed against adult aggregations, but still took first place. To indicate the popularity of this outstanding Boys' Band, when it made its first tour of England and Scotland in 1934, musical directors and booking agents were very skeptical about presenting the band to people of England, figuring that because its personnel consisted of teen-aged boys, it would not amount to much. This was before the band landed over there, but after hearing the band in its first wireless program over the BBC, such people considerably changed their impression, and gave the band every encouragement and help in providing engagements.

Sold itself
The band literally sold itself to people in England and Scotland, and after playing at many places for a day, with no music repeated, unless by very special request from the audience, the band departed and usually left many in tears as it would mean splitting up the band, it was decided for them to remain over a few days longer and passage was obtained on the "Empress of Britain" September 2nd.

The next day, Britain declared war on Germany, and the world, throughout a shocked world, telling of the sinking of the "Athenia" with the loss of 125 lives, by a German submarine. The band's trip back to Canada was far different from the previous ones. A ten-day voyage, during the entire voyage, and rumors of nearby submarines were common. The ship carried 500 more passengers than was customary, and remained "blackened out" during the entire trip. The band and other lights were forbidden, and all passengers wore their lifebelts constantly. Everyone was worried, but the band did its best to relieve the strain by giving concerts on board. The black ship was successful in its mission, and after zigzagging at full speed across the Atlantic, finally berthed at Montreal.

While in this city, the band made a short picture for the Pathe Film Company, and seven recordings for the Regal Zonophone Gramophone Co. Their selections included the following: "Colonel Bogey," "El Capitan," "Washington Post," "King Cole's," "Triumphal March," "The Vanished Army March" and overture "Orpheus".

Visiting Buckingham Palace, Madam Tussaud's Waxworks, Westminster Abbey, Tower of London, Big Ben, Houses of Parliament, and the many hundreds of other places of historical note, gave the boys a vast

FILMS PROVE VERY POPULAR AT GLENMORE

GLENMORE — The ladies auxiliary to the community club met at Mrs. Guy Reed's home on Thursday afternoon. Arrangements were made for the free showing of films and ice cream, last Tuesday night. Plans were also made for a tea on Mrs. Reed's lawn, held yesterday, the proceeds of which went to the flood relief.

In spite of delay caused by the light failure, both children and adults enjoyed the showing of films. The hall was filled to capacity. Cartoons and a treat of ice cream made it a special night for the children. A varied program of national films showed the new power plant and development at Yellowknife, 175 air miles above Edmonton. This film showed the town which has grown up there with scenes from the fishing and processing industries. A very complete film was shown of the Royal Wedding. This was followed by a health educational film on rural sanitation. Of interest to both children and adults were the showings of the new mechanical devices, as well as new methods of cleaning and polishing them. The big American trans-continental trains running smoothly.

One of the last films gave views of Normandy, the Jeanne d'Arc country in southern France showing generations of old castles and monasteries. These films are shown in the hall at five week intervals and are free to the public. They are proving very popular.

fund of knowledge which could never have been gleaned through books. Next year, the band has been invited to make its fourth tour of England, Scotland and Wales, and preparations are now under way for this big tour, it being the first tour for the present personnel of the band to the Old Land, as the one previous, in 1939, was cut short with the outbreak of war.

Missed Disaster
In England at that time, the band was at first scheduled to return to Canada on the "Athenia", but as it would mean splitting up the band, it was decided for them to remain over a few days longer and passage was obtained on the "Empress of Britain" September 2nd.

The next day, Britain declared war on Germany, and the world, throughout a shocked world, telling of the sinking of the "Athenia" with the loss of 125 lives, by a German submarine. The band's trip back to Canada was far different from the previous ones. A ten-day voyage, during the entire voyage, and rumors of nearby submarines were common. The ship carried 500 more passengers than was customary, and remained "blackened out" during the entire trip. The band and other lights were forbidden, and all passengers wore their lifebelts constantly. Everyone was worried, but the band did its best to relieve the strain by giving concerts on board. The black ship was successful in its mission, and after zigzagging at full speed across the Atlantic, finally berthed at Montreal.

The reception given to the band on its journey back across Canada, which was a tremendous one. Many of the former personnel of the Vancouver Kitsilano Boys' Band, who had made either the first or second tours of the Old Country, were destined to make another trip across the Atlantic, but this time wearing the uniform of one of the three Services, Navy, Army or Air Force. Of these members, the band is justly proud.

The history of this much-travelled band, which was born in San Francisco in 1937, having been invited to take part in the Golden Gate Bridge Opening Fiesta, is a memorable one. While in San Francisco, the band received much attention and was honored in several ways. By sharing in a religious service on board the U.S.S. "West Virginia" it became the first Canadian band ever to play on an American battleship. During a monster boxing fiesta, it played at the civic auditorium. For the great military and naval parade, it was the only band on the reviewing stand. The Kitsilano Boys' Band has played in musical competitions everywhere it has visited, and has received nothing but the highest praise and awards from the distinguished adjudicators in attendance.

Noted Conductor
Its conductor, Arthur W. Delamont, is deserving of much credit for the great work he has achieved with this band. He was born in Hereford, England, in 1922, one of five boys, all of whom were given an early love of band music by their father. He was married, in 1917, and they have a married son and daughter, Gordon, who leads his own orchestra in Toronto, and Vera, who is a well-known singer, makes her home up in Athabasca.

So popular is Mr. Delamont as a conductor of juvenile bands, that he has been called upon to also be bandmaster of six other junior bands in Vancouver and district. On several occasions, he has presented all these bands, along with the Kitsilano Boys' Band, on the same stage in a massed band demonstration which has stirred the hearts of all listeners.

During the war years, he also conducted the Air Force Cadets Band. As a token of esteem, and to indicate appreciation of his great work for the young people, Arthur Delamont was chosen by the Native Sons of British Columbia, to be the recipient of their "Good Citizen" medal for 1946. Each year, some great personality is chosen by them from hundreds of names offering, and last year, this honor was conferred upon Mr. Delamont. He has also been the recipient of many other gifts from various organizations in the City of Vancouver and Province of British Columbia.

Arthur Delamont stands for nothing but the finest in the youth of today. He asks the boys in his many organizations to pledge themselves to abstain from the use of profane language, and all habits that do not make the best of manhood, to be honest in all dealings, and in all their thoughts, always telling the truth without fear. To keep their bodies physically, morally and spiritually clean; to work hard in school, attend Sunday School and church, to love their parents, neighbors, and country.

Beehive houses—primitive dwellings in Scotland and Ireland—were conical and constructed of stones without mortar.

VISUAL CARE Is Important

THE eye is an extremely complex and delicate part of the human body. Eye troubles often are noticed by such symptoms as headaches, squinting, fatigue, backache and other complaints, but the originating trouble may be due to one of many causes. Errors in focusing the eyes will tend to acquire faulty habits of seeing. Such errors may be quickly detected by an Optometric examination and corrected by the use of specially prepared lenses. Because such defects become deeper seated as the eyes get older, it is a wise precaution to take preventive measures.

GOOD NEWS FOR WEARY SUFFERERS FROM BRONCHIAL ASTHMA

1 great NEW Lantigen development

Here is a NEW MEMBER of the famous Lantigen family of Dissolved Oral Vaccines, especially prepared to treat Bronchial Asthma due to upper respiratory infection.

Lantigen "G" has been developed in response to the demand for a preparation of Lantigen which would meet the

requirements of those suffering from bronchial asthma and chronic bronchitis due to hypersensitivity toward the organisms infecting the sinuses and other parts of the upper respiratory tract. Lantigen "G" contains most frequently responsible for this condition. The strength of the preparation has been adjusted to give the greatest possible measure of relief and benefit.

Clinical tests have proved the efficacy of Lantigen "G" if you suffer the misery and distress of Bronchial Asthma or Chronic Bronchitis, start taking Lantigen "G" today. Get relief with this new addition to the Lantigen family of proven dissolved Oral Vaccines. Remember to ask for

Red Sox Not So Effective At Bat Unofficial Hitting Records Show

At the end of eight games, Kelowna Red Sox have the same percentage they had for the first eight last year—five wins and three losses for .625.

But in the search for base hits to win their games, the Sox have wandered from the trail. A glance at the knocks listed below show only four men are hitting .300 or over, whereas last year there were six, one of them at .500 and a second at .484.

Current hits-per-game average for Dick Murray's bunch is .438, making up 67 hits for the eight league games. Last year at this stage the Murraysmen had made 96 safeties.

The record shows that Kelowna has fared well on the mound, accounting for the .625 mark, and has improved on "errors," committing only 24 this year as compared to 34 for the first eight games in 1947.

Kelowna's slugging power was at its lowest ebb last Sunday, when it could only get five safeties off Oliver's Larry Warner. Murray realizes now his team is showing weakness at hitting.

Stress on Curves
He said after the game: "We've got to spend more time at batting practice, especially on curve balls. Some of these pitchers can do almost anything they want."

Pitcher Dick Zaccarelli, who last year was way down the batting parade, is currently leading with his five hits for 14 trips and a .357 percentage. Fred Kitch and Marlow Hicks, last year's leading hitters, are running second and third, respectively, with three hits each.

First baseman Hank Tostenson and catcher Verne Cousins lead in the number of hits with nine apiece; Tostenson and Hicks are tied for the most runs with five. Further indication of the way the Soxmen have slipped in hitting is given in the extra base statistics.

Last year after eight games, they had powered out 25 blows for extra bases. This year the Sox have made only 17, including Dave Newton's two home runs, the only four-baggers for the locals.

Red Sox have pilfered 15 bases this year as compared to 14 over the same stretch last year. The following Red Sox batting average listing is unofficial and includes all games played up to the present time in the Okanagan (International) baseball league. These figures are the same as in the hands of Bob Neilson, league secretary at Omak.

SECOND BOXLA GAME CANCELLED DUE TO FLOODS

How to meet future league commitments with no home box for either games or practices has local boxla moguls guessing.

Already, two games have been called off because of the flooded condition of the box in the City Park. Second cancellation was Tuesday night's game with Kamloops.

Manager "Pinkie" Raymer said the June 22 (Tuesday's) Kamloops at Kelowna game would be played in Kamloops on July 3. Kamloops has guaranteed a good percentage of the gate receipts for the night.

Even with the cost of travelling to Kamloops on July 3, Bruins still stand to make some money, Raymer said.

Some similar arrangement may be worked out with Vernon where Kelowna could play its home games there until the lake water recedes from the box, Raymer said.

Busy Season
"Our home games have to be played off somehow," Raymer emphasized. "If we postpone them all, we'll run into our busy season at the end of August. Then there'd be no telling how many men we could get for our away games—for the playoffs, I mean."

Meanwhile officials still have to line up a spot to practice and keep the Bruins in fighting trim. The tennis courts in the City Park, situated by the flood, and the Rutland ice rink, have been mentioned as possibilities.

Open fields are also under consideration.

W. NICHOLSON TAKES GYRO GOLF TOURNEY

The Dick Stewart Cup will grace the mantelpiece of Wilf Nicholson for the next year—or until the Gyro Club holds its popular classic again.

Nicholson won the cup Wednesday of last week when the Kelowna Gyros revivified the nine-hole handicap competition. Ches Owen was runner-up.

Harold Bryson came in with the low gross and the second prize went to George Rannard. Actually Owen finished with the second lowest gross but since he already won a prize, Rannard got the runner-up mention.

GEORGE HILL STILL LEADING RIFLE MARKSMEN

George Hill, veteran of three wars, is having one of his best years in target drill with the B.C.D. Rifle Association.

Last Sunday, at the Glenmore range, he topped the list again, leading the marksmen with a 98, though he was pushed all the way by P. Rankin who wound up with 97.

Hill, P. and H. Rankin all tied at 333 on the 200-yard shoot, and Hill and P. Rankin kept up the terrific pace by equaring the 600-yard target at 32.

Best shots at 600 yards were D. Hill, George Kennedy — and George Hill. All had 93.

Aggregate scores for the day were: D. Hill 98, P. Rankin 97, W. Franko 94, D. Hill 92, G. Kennedy 91, H. Simkins 90, H. Rankin 89, L. J. R. Leedham 87, R. Simkins 87.

G. Rose 86, J. Johnson 84, H. Hill 82, P. Jansen 71, G. E. Jansen 57, R. Bechwith 54.

NEW BASEBALL DIAMOND NOW BEING USED

Recreation Park's new baseball diamond got its first league tryout last Saturday when Kodaks defeated Capilanos 8-6 in a scheduled junior league fixture.

Stan Tasker got credit for the seven-inning win. Players reported the diamond was in fair shape and would improve as the work on it was being pushed.

At Peachland Sunday, a six-run spurge in the seventh and last inning gave the Capilanos a 9-8 victory over the hometowners. Three homers and two triples were blasted out in the fateful seventh, giving Ron Fraser the triumph.

Clippers and Kodaks are scheduled to play a game this Saturday, but at this date it was not certain whether the Recreation Park diamond would be available. The Kinsmen are working on it in preparation for their big international tournament next Wednesday and Thursday.

CUP DONATED FOR ANNUAL GOLF TOURNEY

Annual challenge golf matches between the Legion and the Kelowna City Club were assured this week with the announcement a cup had been donated by Whillies & Gaddes Ltd.

First of the semi-annual matches will be held this Friday, at the local course, with proceeds going to the B.C. Flood Emergency Fund. The return match will be held sometime this fall.

Each year, these matches will be run off—one in the spring or summer, the other in the fall. All proceeds will go to charity. The Whillies & Gaddes Ltd. cup will be presented to the winning club at the conclusion of the fall matches.

GIANT BRIDGE
The Oakland - San Francisco bridge in the United States contains 143,000 tons of steel, including 80,000 miles of wire for cables.

IT'S IN THE GAME!

By AL DENEGRIE

Remember the argument the two little boys had about the necessity of water? One stubbornly maintained you could do without water—he said he read it somewhere. The other half-pint wisecracker protested: "You gotta have water and that's all there is to it."

I was wondering this week if some of the young men I know, particularly those who think lacrosse is the one and only game (no argument), had ever discussed the merits or otherwise of H₂O (Adam's ale to you, Joe) when they romped around in knee pants. Because these game fellows are making up for it now—if they didn't, they'd have very definite ideas, now, too! Unqualified, absolute, positive, categorical. I saw these words somewhere.

"Shelp me! If I never look at water again, that'll be too soon!" one of them said. "I'll not even drink it again! I repeat—I'm through drinking the stuff," he pledged with his right hand raised.

"That's a good idea," chorused a third. "Only it's darned expensive. Besides all of it has water, a little bit of it at least. Kennedy saw to that!"

Still another took the arm chair discussion off on another tangent with the ironic question that has no answer: "Why couldn't this flood've come next year, when we would have the arena?"

Point a baseball or softball might add his contribution that it would have been worse if it had happened last year. Ball diamonds at Recreation Park were hardly thought of.

EXCESSIVE MOMENTS
Lacrosse this year, off to what promised to be the biggest year yet, it right slap bang in the middle of the flood and for all practical purposes, is marooned. The box, the only source of revenue, is lost for perhaps a month.

Out of the mess, only one thing appears certain to the boxla chiefs here. Postponements until the box can be used (I thought at one time this was the better plan) would cause playoffs to run to the end of August, perhaps into September.

We found last year that was too late. Everyone's up to their arm pits in work by then and Kelowna squad playing away would likely be short-handed.

Therefore, some home games, at least, will be played away. If suitable financial arrangements can be made, all games may be played away until the box is ready again. And while they are looking around for a place to practice, the word now is that Coach ROY PINDER wants to go back to the coast.

Of Roy might be tantamount to holding the boat. But then a man's got to work at something he likes, and that job hasn't been found here yet.

DEALT FROM BOTTOM
Another group that has been given a dirty deal by the lake is the KINSMEN CLUB. They chose this year to bring Kelowna baseball fans an international ball tournament, a \$750 show and the first such tourney held here in many years. Now everything has to be moved to Recreation Park on a diamond, that in the normal run of events, would not be ready for this kind of play until next year.

WOMEN GOLFERS PLAN LUNCHEON AT GOLF CLUB

Providing seats for the expected throngs will be the major headache. It seems to me that seats are needed there anyhow, so some scheme might be worked out between the Kinsmen and the ELKS with help from other interested parties to erect bleachers on a more permanent basis. Recreation Park seems destined to become the future baseball park, fenced in, with dugouts, and so on, so any time and labor spent on it now would not be wasted.

THIS 'N THAT
Last week, I had SAM McGLADE, Kelowna Golf Club champion, coming from Elre 30 years ago. I have since learned he came from Northern Ireland, so I hasten to make the correction. . . . The boxla Bruins soon will lose VERNE ARDIEL for the balance of the season. The Kelowna High School teacher is going home as soon as school is over. . . . However AL BIANCO, who attended Normal School this year, is expected back any day now to fill the gap. . . . DICK ZACCARELLI is now coaching the local midge baseball teams. . . . Re inquiries about the missing sports events listing usually appearing on these pages: Blame it in part on "lake flood; no one seems sure just what the score is for playing fields for future games, so we can't say anything about them. . . .

Saturday will mark the official closing of the spring season for the ladies' section of the Kelowna Golf Club. For the occasion, a luncheon is planned, followed by approaching, putting and driving contests. Those wishing to attend are asked to advise Mrs. A. Malle. Prizes won by the ladies during the spring season also will be presented during the day.

Local Rowing Club
Will Defend Title
At Coast on July 1

Kelowna Rowing Club's senior fours provincial championship, won last year at Vancouver, will go on the block at Vancouver on Thursday next, July 1.

Setting the date of the B.C. rowing championships on July 1 came as a surprise to the local rowers, according to president Bill Treadgold.

"We were counting on the races being held at about the same time as last year—around the 20th of July. Due to high water and the large amount of debris on the lake, we have had little opportunity to practice," Treadgold commented.

However, KRC will be "in there to defend our senior four crown," says Bill. "But we're not overly confident that we will be able to hold on to it."

Choice of the crew to carry the Kelowna colors will be made some time this week, the president revealed. The two potential defending championship crews have not been able to use the club's own shell for fear of damaging it on floating debris.

But the two crews are using the shell this week to determine which will go to Vancouver. Each crew will make two trials over the one mile, 550 yards route, and the crew with the best average time will get the nod.

Last year's championship crew has split up with Bob Wall starting another crew made up of Allan Moore, Ray Bostock and Chris McCormick.

Jimmy Stewart, Dave Leckie and Allan Marshall of last year's title crew, are all together. Pat Currell makes up the fourth.

Different Rigging

Rowing positions here will not likely be stressed, as it is highly probable the Kelowna crew will be

at the same disadvantage at Vancouver this year as last year. Rigging of the Kelowna shell is different than the rigging on the shells that will be used at the coast, Treadgold believes.

Kelowna Rowing Club will not enter the singles or doubles events of the Dominion Day championships at Vancouver.

Lack of time to train and lack of adequate facilities were given as some of the reasons.

LOCAL CRICKET
LOOP HARD HIT
BY HIGH WATER

Cricket is just as hard hit by the Lake Okanagan flood as any other local sport—perhaps harder.

While other sports, with the exception of lacrosse and lawn bowling, have been able to find other grounds on which to practice and play, the cricketers search for a suitable grass-covered plot has been futile. They are resigned to making the best of their future games without practice.

In fact, future play will be away for most of the summer, it is expected. This Sunday's Spencer Cup League game, originally slated for Athletic Oval here against Vernon, will be played in Vernon instead.

A rescue operation will be made sometime this week to bring out all the local cricket equipment in the storage building near the park grandstand, now completely surrounded by water.

In their first meeting, at Vernon on May 16, Kelowna were the victors 77-70. Kelowna hopes to even the account Sunday.

KAMLOOPS STILL
LEADING LEAGUE

RUTLAND — Kamloops Legion is still the team to beat in the race for the Interior Baseball League crown.

When all of Sunday's results were in, Kamloops Legion was still leading the loop with five wins and two defeats. Summerland and Rutland are tied for second spot with three victories and a pair of losses.

RUTLAND

RUTLAND — Rutland baseball teams continued to win in the twilight league, the Redcaps defeating the strong Winfield Aces team at Winfield last Thursday evening 4-1, with Paul Bach doing the chucking for the full seven innings. At the Rutland Park the Bluecaps edged out the visiting Oyama Greencaps 5-4, after a shaky start in which the locals spotted Oyama a three-run lead. Maurice Truitt went the full route for the Bluecaps, settling down after the first frame to strike out 14 batters. The Redcaps are still at the top of the heap.

REMEMBER WHEN?

"Kid" Chocolate, then at the peak of his form, picked an opening in the first round and knocked out Jackie Johnston at Toronto 10 years ago today. The Cuban battler—who relinquished his title in 1934—smashed the Toronto fighter to the canvas after two minutes and 37 seconds.

BIG PAPER NOW

The New York Herald was founded in 1835 and was the paper that sent Henry Morton Stanley to find Dr. Livingstone in Africa in 1869.

Two Day Baseball Meet
Still On Though Floods
Cause Seating Problem

KELOWNA'S first major baseball tournament in several years promises to be a success in spite of Lake Okanagan, avers Rudy Kitch, chairman of the Kinsmen committee sponsoring the big June 30-July 1 show.

"It's too bad that the year we decide to put on this \$750 ball tournament the lake goes and floods out our ball park," said Kitch. "But it's still going on, although we have to use the old exhibition grounds."

Kitch said the Recreation Park years, celebrations in the city on July 1 have been known as "Youth Day," sponsored by Kelowna Teen Town.

But some system would be worked out between the Kinsmen and the Elks club, custodians of Recreation Park, Kitch thought. Other spokesmen indicated there was as much room, if not more, for autos around the diamond as there is normally around Athletic Oval.

Six Teams

Six top-notch teams will provide high class sports entertainment for ball-loving fans. Proceeds from the tournament and the quiz contest will go to the Kinsmen Food for Britain fund.

At least three league leaders in high calibre senior baseball will be here for the two-day tourney.

Omak, Wash., Kamloops Legion and Kamloops C.Y.O. Omak is currently leading the Okanagan Valley (International) baseball league.

Kamloops Legion is topping the Interior loop and Kamloops C.Y.O. is out in front of the northern mainline circuit.

Culee City, Wash., is as yet untied in the Okanagan, but reports from the south indicate this American team can hold its own in any senior company in the Northwest.

The fifth team comes from Haney, B.C., sports-minded community that has produced its share of ball championship teams.

And finally, Kelowna's Red Sox—mentioned last more out of courtesy than for any other reason. The Sox are currently in third spot in the Okanagan League and will be the choice of the hundreds of loyal fans at Recreation Park next Wednesday and Thursday.

Knockout Series

Operated on a draw, knockout basis, four teams will meet in two games on Wednesday. Game times are 2 and 6 p.m. The other two teams will meet in a morning game on Thursday, Dominion Day, at 10 o'clock.

One of the three winners will get a bye into the final game, with the semi-final tilt run off at 2 p.m. Thursday. The clincher for the \$300 first prize will be at 5 p.m. Thursday.

In all, the teams stand to collect \$750 in prize money. Runner-up will get \$200 and to third place goes \$100. Teams that fail to make the big money will get \$50 to help meet expenses.

Quiz Contest

The end of the last game will herald a moment for which many will be waiting—the draw in the quiz contest for the \$500 cash prize, or a trip to Alaska for two, or two weeks at Banff for two, or a trip to an N.H.L. game in Toronto for two.

Purchasers of special admission tickets now on sale will participate in the draw.

Teen Town dances at the Scout Hall and Aquatic on Thursday, July 1, will wrap up the day's proceedings. During the past two

JAIL TERM, FINE, GIVEN WESTBANKER

A jail term and stiff fines were imposed in district police court Saturday morning on two Westbank residents.

Fred Popp was sentenced to seven days in the lock-up and fined \$25 when he was convicted before

Stipendiary Magistrate H. Angle of driving a motor vehicle while intoxicated. The fine has been paid. Elmer Popp, brother of Fred, was charged with obstructing police and was fined \$50 or three months. He, too, paid the fine.

Constable T. F. Baker, B.C. Police, Kelowna, told the court Elmer Popp tried to prevent him from checking up on the manner in which Fred Popp was driving the car at Westbank one night last week.

New Gov't Annuities Rate To Save Taxpayers' Money

Premiums on Dominion Government annuities hereafter will be calculated on a lower assumed interest earnings basis and on a more up-to-date mortality table than in the past, Labor Minister Humphrey Mitchell has announced.

While the cost to the buyer of new annuities will be increased the move will put the whole annuities branch on a much sounder basis, and over coming year should save the Canadian taxpayers many millions of dollars.

The change was effective April 19 but does not affect previously existing government annuity contracts.

Premium rates will now be calculated on an assumed interest earnings basis of 3 per cent instead of 4 per cent in effect for some years. The mortality table now to be used will take into consideration the fact the average span of life has increased and that therefore the average annuity is payable for a longer period than formerly.

New Rate

The new rate of 3 per cent is still higher than that of 2½ per cent on which the life insurance companies base their annuity rates (in some cases as low as 2½ per cent) and the Government will continue to bear the cost of administration so that Dominion Government annuities still appear to have

some advantages over the life insurance annuities as far as costs are concerned. But the two will now be much closer than before. Administrative costs last year were estimated at \$578,000; \$672,000 for 1948-49.

How Rates Compare

Males, annuity at 60, guaranteed 10 years.	Dom. Govt. annuity \$100 a year \$100 a year	Ins. Co. annuity \$100 a year \$100 a year
Age last birthday	old	new
25	16.76	23.04
35	29.63	38.21
45	41.63	49.10
55	51.63	58.16

*The insurance company quotes its rates on basis of \$120 annual annuity. To get the rate for \$100 comparable to the Dominion Government rates for longer periods, the company annuity also has a cash value.

For years the Government has been criticized because it based its premium rates on a 4 per cent interest rate, substantially above that at which the Government could borrow on the open market. It adhered to this 4 per cent rate despite the steady fall in general interest rates, increased administrative costs, and improved mortality which meant that annuitants living longer had to be paid than the annuities branch was able to make good by the taxpayers. This burden on the general taxpayer should now be reduced although not wiped out altogether.

C.P.R. OFFICIALS VISIT KELOWNA

R. J. Prittie, C.P.R. industrial commissioner at Winnipeg, and H. A. Francis, industrial agent of the railway company at Vancouver, were business visitors in Kelowna this week.

The railway officials arrived in the city during the course of a routine inspection.

Taking Loss

Unofficial reports say that under the 4 per cent rate effective up to April 17, the Government was taking a loss of \$3,370,000 annually. The theory was that the annuities branch would lend its funds to the Government at 4 per cent. But for years the Government has been able to borrow money at around 3 per cent. Hence if it pays the annuities branch 4 per cent it is paying too much. But, if it does not actually pay that rate the Government must make it up by subsidy because premium rates have been so low the fund must earn 4 per cent if it is to meet its regular charges. It has been customary to transfer hundreds of thousands of dollars annually to maintain annuities reserves.

FRANK DUNAWAY HEADS WESTBANK CEMETERY BOARD

WESTBANK — Frank Dunaway was the unanimous choice for trustee on the Westbank Cemetery Board at the public meeting held in Westbank on June 17, called for the purpose of filling the vacancy caused by the resignation of H. W. Brown.

Mr. Brown, who has made his home in West Summerland for several years, stated his regret due to distance, and therefore tendered his resignation, which was accepted with regret.

Mr. Dunaway's nomination was supported by a number of those present, and on signing his willingness to stand, was duly appointed to act in this capacity.

Following the adjournment of the general meeting, the trustees C. J. Tolhurst, secretary, and J. W. Hannam, together with Mr. Dunaway, held a short business session, at which Mr. Dunaway was appointed chairman of the board. The trustees also decided to increase the price of cemetery plots by fifty per cent, in order to provide additional funds for maintenance and improvement to the cemetery grounds.

The lakeshore road at Westbank, over which there is considerable traffic, is becoming worse each day, in spite of the fact that the public works department has been hauling rock continually in an effort to strengthen weak places.

FISHING IN VALLEY LAKES AND STREAMS

(This fishing information is published every Thursday by The Courier as an aid to anglers. It is prepared this week by Bill Treadgold from week-end reports.)

OKANAGAN LAKE — Spotty with No. 2 F.S.T. over the week-end . . . The Daredevil spoon now is a good bait, getting fish from one to five pounds . . . Fishing from Westside ferry wharf to Bear Creek has been good with light line and small wobblers . . . **BEAVER LAKE** — Good catches over the week-end with several fishermen getting their limits . . . The black fly and P.V. flatfish and the Grizzly King flies the best lures . . . Good catches in the middle of the lake . . . Roads in fair shape . . .

LITTLE SHUSWAP — Very good fish ranging from one to one-and-a-half pounds on a No. 2 F.S.T. . . .

MCCULLOCH LAKES — Casting with worms showed good results last week-end . . .

WOODS LAKE — Fair to good . . . A few Kokanee catches . . .

BEAR LAKE — Still good catches reported on flies and small trout plugs . . .

DEE LAKE — Good with flatfish and Grizzly King . . .

MISSION CREEK — Good catches of Brook trout reported taken higher up the creek . . .

SHANNON LAKE — Perch fishing reported good . . .

VERNON NOW LEADS BOXLA STANDING

Defeat Armstrong 19-4 to Take Six-Point Lead in League

Vernon Tigers now lead the Interior Lacrosse Association by six points by virtue of their 19-4 shellacking job on Armstrong Eagles at Vernon Tuesday night.

Ken Watt scored two of Armstrong's four markers.

Salmon Arm plays at Armstrong tomorrow night, and Vernon Tigers will make their first appearance at Kamloops Saturday. Next action for the Kelowna Bruins is at Vernon next Saturday.

The league standing, including Tuesday's game at Vernon, follows:

	W. L. T. Pts.
Vernon	5 1 67 37 10
KELOWNA	2 2 35 34 4
Kamloops	2 3 47 48 4
Salmon Arm	2 3 37 45 4
Armstrong	2 4 50 72 4

THREE SOFTBALL CONTESTS SET FOR FRIDAY

Three regular league games in the men's senior division of the Kelowna and District Softball Association scheduled for Friday night will be run off at Recreation Park, according to secretary Abe Salmon.

The string has run out, on the senior women's schedule, but a number of games postponed because of rain or other reasons remain to be played. Coaches will have to make their own arrangements, Salmon said.

In a men's game played at Recreation Park Tuesday night, Club 13 beat Kelowna Black Bombers 10-7. This game was postponed from June 14.

Friday's men's games are: Bom-

SIX BYLAWS SUPPORTED AT PENTICTON

PENTICTON — Six bylaws presented to the electors of the City of Penticton were overwhelmingly supported when ratepayers marched to the polls last Tuesday.

Results of the voting are as follows:

\$180,000 streets loan bylaw: for 767, against 129, spoiled ballots, 21.

\$125,000 Penticton electric loan bylaw: for 720, against 135, spoiled ballots, 23.

\$125,000 Penticton Creek channel improvement loan bylaw: for 740, against 101, spoiled ballots 19.

\$100,000 Penticton sewer loan bylaw, for 441, against 92; spoiled ballots 12.

\$15,864.00 Penticton streets diversion of funds bylaw: for 808, against 90; spoiled ballots 20.

\$183,133.10 Penticton school utilization of funds bylaw: for 760, against 136; spoiled ballots 31.

CITY MOVES TO PREVENT SEWER TIE-UP

Three Inspectors Appointed by City Council to Make House-to-House Check

STIFF PENALTY

Many People Syphoning Water in Basements Down City's Sewer System

City Council moved swiftly last Monday night to take every precaution to ensure the continued operation of the city's sewerage system.

Mayor W. B. Hughes-Games asked council to authorize the appointment of three inspectors who would have power to inspect all basements in an effort to stop water being syphoned down the sewers.

His Worship pointed out the sewer system is already overtaxed and intimated drastic action would be taken against people who disobey this order. Penalty is \$100.

Mayor Hughes-Games said the three sewer pumps are operating at capacity, but should one break down, it would cause a break-down in the sewer system. "It would be a serious thing if part of the city was taken off sewer system," he declared.

The mayor said it had come to his attention that many private home owners and industrial houses were pumping the sewage water into sewer pipes, and he said this only aggravates the situation.

Dealing with the flood picture as a whole, Mr. Hughes-Games said the city is taking a tremendous beating in order to save the syphon at Oliver.

Dealing with the health situation, Alderman W. T. L. Roadhouse said people who have septic tanks in flooded areas have not responded to the city's scavenger service. It was thought some people persist in using septic tanks despite orders from the health department that they are prohibitive.

Scavenger service charges entered the discussion, and council finally decided to give free scavenger service inside the city limits. It was indicated the health officer will make a thorough check of septic tanks in flooded areas to see if they are still being used.

PARK TOILETS CRITICIZED

F. T. Marriage, principal of the Kelowna Elementary schools, wrote City Council Monday night protesting over toilet facilities in The City Park.

Mr. Marriage pointed out during the recent track and field meet, the toilet facilities constituted a major problem. He hoped this condition would be improved by 1949.

City Council agreed toilet facilities are inadequate, and during the recent floods, impossible to use. City Fathers agreed the matter would have to be carefully studied.

Who May Vote

FOR ALDERMAN:

Only those persons and corporations whose names are on the 1948-49 voters' list.

ON MONEY BY-LAWS:

British subjects of the full age of twenty-one years who have been the registered owners of property for at least one month prior to the day of voting.

Corporations that have been the registered owners of property for at least one month prior to the day of voting. A corporation shall vote only by its duly authorized agent, who shall be a resident of the province and a British subject of the full age of twenty-one years. The corporation's authority shall be filed with the city clerk at least five days before the day of voting.

Nearly 2,000 School Pupils Start Summer Vacations Wednesday

Nearly 2,000 Kelowna school students—the largest number in Kelowna's school history—will be chanting: "No more pencils, no more books; no more teachers' cross-eyed looks," next Wednesday, when the curtain comes down on the 1948-49 school season.

Eight hundred and seventy-five junior and senior high school students and 1,050 pupils at the five elementary schools in the city will officially begin their summer holidays sometime during next Wednesday.

Close to 300 high school students are already on their summer vacation, having completed their final exams and "turned loose" on June 18. But these will have to return next Wednesday when all students who wrote local exams will be given their reports.

Junior and senior matriculation students are up to their ears in departmental examinations at the present time. Their results will not be known until near the end of July when the word is let out at Victoria.

Local Exams
Those in grades up to Grade XI who were not recommended are also in the midst of writing exams, though the papers are of a local nature, not departmental. Word whether the have passed or failed will be known on June 30 when reports are handed out.

About 100 pupils will be leaving school for the summer. Kelowna High School estimates. This number includes all the senior matriculation class and others who, for one reason or another, have decided already or will decide not to return next year.

But many of those who will be leaving Kelowna High School this year will not be through with their education. Some will be going to university, still others to normal school. The balance will go out to find for themselves in the work-a-day world.

Record Enrolment
While 100 or so will be leaving high school for the last time, next year's enrolment is expected to be even larger than this year's, setting another new record.

Mr. Logie estimates next year's enrolment in both the junior and high schools will be from 60 to 75 more than this year's figure.

At the five public elementary schools in the city 1,050 pupils will be staying at the back end of the school year to return to the bitter end. All are writing examinations at the present time.

At earlier meetings it was disclosed that some retail outlets were not abiding by the rationing regulations. However, the scheme did not the daily consumption to one-third of the normal 13,000 gallons daily.

Mr. Angle this morning said enough gasoline was being kept in reserve for essential users and in the event supplies were cut off again due to a railway strike or other causes.

At earlier meetings it was disclosed that some retail outlets were not abiding by the rationing regulations. However, the scheme did not the daily consumption to one-third of the normal 13,000 gallons daily.

GAS SUPPLIES IN CITY STILL BELOW NORMAL

Rationing Scheme Dropped But Reserve Still Being Kept for Emergency

Kelowna's emergency gasoline rationing was lifted at 10 a.m. Tuesday. It had been in effect since June 14 when the city was faced with a gasoline famine caused by flood-ruptured rail travel.

In a statement this morning, H. Angle, head of the local food emergency committee, said "stocks are still low." Some tank cars are coming in for local distributors, but arrivals are still below normal.

However, the ration scheme was dropped after Mr. Angle conferred Tuesday morning with Mayor W. B. Hughes-Games and local distributors.

At earlier meetings it was disclosed that some retail outlets were not abiding by the rationing regulations. However, the scheme did not the daily consumption to one-third of the normal 13,000 gallons daily.

CHAPIN SAYS JAYCEE MEET SUCCESSFUL

Malcolm Chapin, newly-elected national vice-president of the Jaycees, returned Wednesday from Winnipeg after attending the annual convention of Junior Chambers of Commerce of Canada. Mr. Chapin, as national director for B.C. and representative of Kelowna, was one of seven British Columbians, and was a guest at the Royal Alexander Hotel where the conference was held.

Wednesday, June 16, a national executive meeting was held prior to the convention, and Sunday, an executive meeting followed the convention.

Guest speakers included Graham Towers, governor of the Bank of Canada, the Hon. Stewart Garson, premier of Manitoba; and J. S. Duncan, president of the Massey-Harris Company.

President of the National Junior Chamber of Commerce, Victor Borogus, and Mrs. Borogus, Rio de Janeiro, Brazil, were present, as well as the retiring president of the United States Jaycees, John Ben Shepperd, Texas; and the incoming president, Paul Bagwell, professor of speech in the University of Minnesota.

The national oratorical contest held Friday was won by Claude Lapointe, of Telford Mines, Quebec, speaking in French.

Delegates were royally entertained by hospitable Winnipeggers. The basis of one meal was lobster caught off the New Brunswick coast Friday morning, prepared in Moncton, flown to Winnipeg, served the same night.

The Hudson Bay Co. held a reception at the old Hudson Bay Fort, built at Lower Fort Garry. Another reception was held at the Motor Club, and the St. Charles Country Club was the setting for a dance.

The Winnipeg Junior Chamber of Commerce Glee Club and Kinsmen Band provided entertainment on other occasions.

A western note was struck by some eight Calgary delegates who attended all meetings and functions in cowboy regalia and when proceedings got dull, let off their six-shooters.

Other resolutions recommended "that the Canadian government, in co-operation with the provincial governments, institute immediately a program to build a trans-Canada highway system"; that "the present portfolio of mines and natural resources be devoted exclusively to mines and natural resources under its own minister, and that the several departments at present included in the portfolio be administered by another minister or ministers."

A local waitress is serving a 14-day jail term for creating a disturbance, her third offence this month. Sentence was imposed by Police Magistrate H. Angle on Marjorie C. McLean in city police court June 19. She was fined \$50 on two similar counts earlier this month.

Robert Spletzer, 602 Wardlaw, was granted permission to install a temporary septic tank on his property.

 is a large and very useful cooler.
 Upstairs is an attractive bedroom
 and a sewing room,

Garden Party at Oyama Financial Success to Church Auxiliary

Approximately \$130 Realized; Money Will be Used For Sunday School

OYAMA — Despite the rain and dampness of the afternoon the garden party put on by the Women's Auxiliary to St. Mary's church proved to be a financial success, the approximate sum of \$130 being cleared. This money will go to the finishing of the Sunday School which has been the centre of most of the women's efforts for some time past and which is now nearly completed.

In between showers the visitors were able to see Mrs. Prickard's beautiful garden which was lovely with full blown peonies. The part of the program which consisted of the display put on by the 1st Cyn. Cub Pack, assisted by Scouts Keith Nordin and Dale Potthecary, and the two dances "Tyrolean" and "Galliard" done by the five local dancing girls took place on the lawn.

The remainder of the program consisting of a duet "Come Sing to Me" and a trio "Lullaby" by songsters, Mrs. Grace Lee, Mrs. Ruth McCure and Mrs. E. Seaton took place during the tea hour on the verandah with Mrs. M. Beaton Smith director and accompanist.

The needlework stall was in charge of Mrs. H. M. Tucker and Mrs. A. A. Evans and showed considerable work and planning on the part of that committee. A fish pond was taken care of by Mrs. G. Hobbins. A home produce table, which was a complete sell out, was in charge of Mrs. A. Jennings and Mrs. M. Orasuk.

Ice cream was on sale by Mrs. F. Rimmer, who, despite the poor day, made a complete sell out before closing time.

Mrs. V. E. Ellison, Mrs. D. Heddie, Mrs. A. Gray, Mrs. D. Eyles, Mrs. B. Potthecary were conveners for the tea arrangements and served were Mrs. J. Remsbery, Mrs. B. Gray and Mrs. D. Ley.

A guessing contest was won by Mrs. Swaisland of Winfield. The prize, a lovely sandwich plate, had been donated by Mrs. A. G. R. Prickard. Mr. A. A. Evans acted as doorman for the afternoon.

The officers, Mrs. A. R. Lett, president, and Mrs. H. F. Walker, had their part in the preparing and running of the affair, and Rev. A. R. Lett afforded a great deal of assistance transporting people from distances with his car and help in many other ways.

Failure to come to a full stop at a stop sign cost F. Day \$5 and costs when he appeared June 21 in district police court.

WESTBANK BOY DROWNS AS PALS RUSH FOR HELP

Ronald Hopkins First Victim of Drowning in Local Area This Year

ENROUTE HOME
Playmates Run For Help After Lad Falls Off Plank Near Lakeshore

WESTBANK—The heartfelt sympathy of the entire community of Westbank is with Mrs. and Mrs. George Hopkins, and Violet, in the sad loss of their only son and brother, Ronald George Hopkins, by drowning, in Okanagan Lake, last Monday afternoon. It was the first drowning fatality in the Kelowna district this year.

Ronnie, eight years old, together with the two little Derrickson boys, Mervyn and Ronald, in some way missed the school bus in which they usually rode, and were walking home about 3:30 p.m. Childlike, the three youngsters, whose way led along the lake, northeast from the old government wharf, were unable to resist playing along the water's edge. A heavy plank, drifting off-shore, attracted them, and with this they played for awhile. Pre-vent was a complete sell out, was in charge of Mrs. A. Jennings and Mrs. M. Orasuk.

Ice cream was on sale by Mrs. F. Rimmer, who, despite the poor day, made a complete sell out before closing time.

Mrs. V. E. Ellison, Mrs. D. Heddie, Mrs. A. Gray, Mrs. D. Eyles, Mrs. B. Potthecary were conveners for the tea arrangements and served were Mrs. J. Remsbery, Mrs. B. Gray and Mrs. D. Ley.

MISSION GUIDES HOLD MEETING

OKANAGAN MISSION—The 1st Okanagan Mission Girl Guides held their meeting at the home of their captain, Mrs. A. Drake last Monday evening.

They learned to pitch a tent; to set up camp and also break camp in preparation for the summer camp with Kelowna Guide company at Okanagan Centre in July.

Harry Rainey, of the Dominion Fruit Inspection Staff, has returned from his home at Burnaby and visited the Mission over the week-end.

At a meeting held Tuesday evening, plans were completed for the social evening to be held in the Community Hall Friday night for all Community Hall Association members. There will be cards,

games, bingo and dancing. Anyone who has not yet been contacted for membership tickets may get them at the door.

Miss Lorna Archer-Houlton returned to Vancouver during the week-end.

Dick Hall is leaving for the coast on Friday. He will spend a short holiday visiting his sister, Mrs. G. P. "Pat" Houlgrave, Victoria and family and return by plane.

R. Bidell returned by plane Monday from a business trip to Prince Rupert.

Thinning operations are well under way in the Mission.

Okanagan Mission quota for B.C. Emergency Flood Fund was passed last week, the amount collected to date amounting to \$2,235. The drive was under the direction of R. Archer-Houlton, assisted by Miss Mary Bull, Mrs. G. F. Hilliard, Mrs.

I. Hill, Miss Lorna Archer-Houlton, B. T. Haverfield, R. H. Stubbs, Mrs. Earl Wilson.

Little Jill Saudek, daughter of Dr. and Mrs. Saudek, and granddaughter of Mrs. J. W. Bell, is a patient in Kelowna General Hospital.

Mr. and Mrs. Len Pearson are receiving congratulations on the birth of a daughter, June 21 at the Kelowna General Hospital.

Mr. and Mrs. Arnold Snowden and daughter, Judy, left by plane on Tuesday for a ten-day visit to their former home in New Westminster.

Mr. and Mrs. W. C. Boyd and Betty Lou, of Victoria, are holidaying at Comfy Court, visiting Mr. Boyd's brother and sister-in-law, Mr. and Mrs. H. Boyd, at the Mission.

WHEEL BALANCER IS INSTALLED AT CITY GARAGE

Kelowna Motors have been appointed exclusive agents for a new type of wheel balancer which guarantees smooth operation of a motor car.

Known as the Bean Stille and Dynamic Wheel Balancer, this machine was recently installed at Kelowna Motors, and has already proved satisfactory.

According to mechanics the wheel balancer insures that all four wheels of a car are precision balanced, which decreases wear and tear on the front end parts and steering mechanism. This in turn results in greater safety, less fatigue and added driving pleasure. Tire wear is reduced 30 per cent.

For riding bicycles at night with- and A. Crews were each fined out a light, J. Strong, M. Strong \$2.50 in city police court June 18.

Have You Pains Callouses or Cramps there

We are bringing you Positive, Reliable and Speedy Relief

The Finger Points to the location of the Anterior Transverse Arch. When this Arch weakens, the tiny bones are depressed; uneven pressure is produced, and the uneven distribution of the person's weight causes a burning sensation, callouses, tenderness, contracted toes, and severe cramp-like pain. The foot widens and spreads over the shoes, the small toe and great toe joints become inflamed and enlarged—bodily fatigue and nervousness result.

Heed the first danger signal! Stop your Foot Troubles before they impair your comfort and daily efficiency

An Exposition

of the newest, most advanced scientific methods of relieving and correcting Foot Troubles, will be held

at our Store on

FRIDAY, JUNE 25

A specially trained expert from the staff of W. M. Scholl, M.D., the world's most noted Orthopedic authority will clearly explain how these methods give instant foot comfort. You will also be given a pedograph print of your footed feet. All this without cost or obligation. Don't miss seeing this Expert at our store on above date.

WINS FATHER AWARD—Sir Ernest MacMillan, conductor of the Toronto Symphony Orchestra, won the First Annual Canadian Father's Award as "Father of the Year." He was cited as—"Being a typical father... and for outstanding contribution to musical culture amongst Canadian children." The award was presented to him by two young Conservatory members, Linda Banack and Eleanor Valensky.

SWIVEL CHAIR FARMING

By "Agricola"

Another meeting of the Better Fruit Committee was held at Kelowna recently. As usual, there were representatives present from B.C. Tree Fruits, the B.C.F.G.A., the Okanagan Federated Shippers Association, the Provincial Department of Agriculture, the Dominion Fruit Inspection Branch and the Summerland Experimental Station.

The discussion centred around the procedure which should be followed in harvesting, packing and storing this year's apple crop in order to ensure that fruit reaching the consumers in the best possible condition. It was realized by everyone present that the late spring will delay the dates at which apples reach proper harvesting condition. This in turn will shorten the harvesting season, which means that graders, packing house facilities and storage equipment will have to be used to full capacity in order to get the fruit on the market or into cold storage with the minimum of delay.

Bearing the above facts in mind, the Committee agreed on the following recommendations:

1. That McIntosh, Delicious, Golden Delicious, Grimes Golden and Winter Banana should be moved from orchards to packing houses within 24 hours if possible and within 72 hours or harvesting, as a maximum.
2. That McIntosh and Delicious should be packed and shipped or cold stored (packed or loose) within 72 hours of receipt at the packing house.
3. That packing houses should concentrate on the packing of McIntosh for the first 16 packing days after the start-pick date for McIntosh as set by the District Horticulturists in the respective areas.
4. That packing houses should concentrate on packing Jonathan and Delicious for the 19 days following the expiration of the 16 day packing period mentioned for McIntosh, and further, that Jonathans should be given priority handling during those 19 days.
5. That packing houses should endeavor to complete packing of the following varieties within 57 days from the start-pick date for each variety.

The idea of sending a team on a tour was first mooted at this year's show when I. J. Roberts, secretary of the Axemen's Association, received proposals from a group of American radio stations to open negotiations to send a strong team to the United States for a coast to coast exhibition tour.

Roberts told a reporter that visitors from the United States and Britain were all agreed that the team they saw chopping at the show would be a sensation overseas. He said that one English visitor tried to get a copy of a film of the wood-chop because he thought his friends would not believe him when he told them about it.

The wood-choppers themselves do not expect to meet much opposition overseas but figure they will draw capacity crowds to their exhibitions. The Sydney Royal Show event is billed as the "world's championship."

To include Champions

Several former "world champions" would be included in the team if negotiations for the trip are completed satisfactorily.

Tom Kirk, 5 feet 10 inches, a timber mill owner with a 52 inch chest, will be one of the team. Kirk at 32 takes his training seriously. He does little actual wood-chopping during training and relies on gymnasium workouts almost entirely. He says that the gym work builds him up and the absence of wood-cutting gives him looser muscles and more resilience.

From performances put up here by veterans it would appear that experience is more important than youth. Manny McCarthy, recognized as one of the leading choppers in the country for many years, is now 44. McCarthy was just beaten by Kirk in this year's championship. He is credited with chopping through an 18-inch Blackbutt (hardwood) log in 52 1/5 seconds. He has won the Sydney Show "World" championship more times than any other man.

Bill Johnson, winner of the 1948 tree felling contest, stands out as another who is likely to be invited to make the tour. Johnson is a slim 8 ft. 3 inch athlete who can scale up the "springboards" with the agility of a monkey.

The springboards are set into the tree by the wood-choppers by cutting a small niche in the side and inserting a board. They then climb on the board and insert another higher up. This goes on until they have reached the desired height. They cut one side of the tree, descend and repeat the performance on the other side.

Consuming liquor in a public place cost D. R. Edwards, Winfield, \$50 and costs or 30 days when he appeared in district police court June 14.

A fine of \$5 was imposed in city police court June 14 on J. Wilczak for operating a motor vehicle without a driver's licence.

Incorrect parking brought a fine of \$2.50 to J. Schmidt in city police court June 14.

Dr. Alan P. Fawley visited for a few days last week at the home of his parents, Mr. and Mrs. F. Fawley.

Mrs. E. Hudson, of Oliver, was a guest last week at the home of Mr. and Mrs. C. T. Redstone.

Mrs. M. Twinn arrived from Vancouver Tuesday of last week and spent a few days as the guest of Mr. and Mrs. A. Smalls.

There are many ways of serving up those meat leftovers so the family will think they're getting something different.

Meat casserole—Ingredients: one cup leftover gravy; two cups cubed, cooked meat; one-third cup tomato catsup; three medium onions; salt and pepper.

Fry onions and then add gravy, catsup and meat. Put in casserole and bake 30 minutes in a moderate oven.

A baking powder biscuit dough may be placed over this before baking.

Special hamburger—Ingredients: one pound ground steak, one medium-sized onion, salt and pepper. One cup water, celery salt to taste, one can tomato soup.

Brown meat, onion, salt and pepper. Add water and celery salt and simmer for a few minutes. Add soup, simmer five minutes and serve hot.

ARMY CADETS AT PEACHLAND ARE INSPECTED

Members of Thunderbird Corps Give Demonstration of Work Carried Out

PEACHLAND—An inspection of the Peachland Thunderbird Cadet Corps was recently held on the school grounds when over 50 cadets paraded. Cadet Corps Officer Capt. P. C. Gerrie is in command of the corps.

After general inspection and march past which was executed with great precision, the cadets carried on with various training activities and both boys and girls showed a high degree of proficiency in signalling by Morse code with key and lamp, in semaphore signalling, squad drill, physical education, knots and lashings and first aid.

The inspecting officer was particularly impressed with the smart appearance of cadets and by their enthusiasm for all the phases of cadet work. An inspection of stores showed a large number of proficiency in signalling by Morse code with key and lamp, in semaphore signalling, squad drill, physical education, knots and lashings and first aid.

In attendance were area cadet supervising officers, Lieut. A. Stoppa and Sgt. Fumero, of Kelowna. Inspecting Officer was F/L H. C. MacNeill, M.B.E., R.C.A.F. (Res.)

Dr. Alan P. Fawley visited for a few days last week at the home of his parents, Mr. and Mrs. F. Fawley.

Mrs. E. Hudson, of Oliver, was a guest last week at the home of Mr. and Mrs. C. T. Redstone.

Mrs. M. Twinn arrived from Vancouver Tuesday of last week and spent a few days as the guest of Mr. and Mrs. A. Smalls.

Meat casserole—Ingredients: one cup leftover gravy; two cups cubed, cooked meat; one-third cup tomato catsup; three medium onions; salt and pepper.

Fry onions and then add gravy, catsup and meat. Put in casserole and bake 30 minutes in a moderate oven.

A baking powder biscuit dough may be placed over this before baking.

Special hamburger—Ingredients: one pound ground steak, one medium-sized onion, salt and pepper. One cup water, celery salt to taste, one can tomato soup.

Brown meat, onion, salt and pepper. Add water and celery salt and simmer for a few minutes. Add soup, simmer five minutes and serve hot.

Hurry-up dinner: line a greased baking dish with alternate layers of sliced potatoes, onions, hamburger, carrots and rice. Season and pour a can of tomatoes over all. Bake in a moderate oven.

FOR BETTER TEETH
Dental authorities see a new hope for prevention of caries in the teeth by the mechanical infiltration of fluoride into drinking water. The right amounts of fluoride in water (one part in 1,000,000) can cut tooth decay by 60 per cent.

Calves tongues—Ingredients: four cups water; one-half teaspoon dried celery leaves or celery salt; one sliced onion; two carrots; one bay leaf; six to eight peppercorns; 1 1/2 teaspoons flour; two teaspoons cold water; salt and pepper; one teaspoon grated horseradish.

Boil the water, celery leaves, onion, carrots, bay leaf, peppercorns, salt and vinegar, for three minutes. Lower temperature to simmering

and add calves tongues. Continue to simmer until tongues are tender (about 1 1/2 hours); remove the skin. Drain stock and thicken with flour, which has been mixed to a smooth paste in cold water. Add salt and pepper to taste, and grated horseradish. Yield: six servings.

CHEVROLET Advance-Design Trucks

are the only trucks with all these extra-value features of production leadership...

THE CAB THAT "BREATHES"
Only Advance-Design trucks have the cab that "breathes"! Fresh air—heated in cold weather—is drawn in and used air forced out.

FLEXI-MOUNTED CAB
Chevrolet's Advance-Design cab is mounted on rubber, cushioned against road shocks, torsion and vibration!

...including these great new HEAVY-DUTY features that only Advance-Design trucks offer:

Entirely new, Chevrolet-developed helical gear 4-SPEED SYNCHROMESH TRANSMISSIONS provide quicker, easier, quieter operation and greater durability in heavy-duty models. "Double clutching" and gear "clashing" are virtually eliminated. Faster shifting promotes greater road safety and the maintenance of speed and momentum on grades!

Other features in this Advance-Design are: All-round cab visibility with rear-corner windows*. Unwieldy all-steel cab construction. Large, durable, fully adjustable seat. Extra-durable frames. Specially designed hydraulic truck brakes. Hydro-vac power brakes (standard on models of 2-tons or more). Heavier, more durable springs. Ball-bearing steering. Standard cab-to-axle-length dimensions permitting interchange of bodies. Full-floating single and two speed rear axles... and MANY other fine features.

*Fresh air heating and ventilating system and rear-corner windows optional at extra cost. CT-4488

PRECIPITATION ABOVE NORMAL FIGURES SHOW

Total of 8.75 Inches of Rain Has Fallen in City So Far This Year

BIG INCREASE
Average Figure for Past 32 Years is 5.51 Inches, Figures Reveal

Between January 1 and June 20 this year the precipitation in Kelowna was 8.75 inches. The average for the first six months of the year over a 32 year period is 5.51 inches. Thus on June 20 Kelowna had had 3.24 inches more than normal, with ten days of June still to go.

The increase is approximately 60 per cent above the 32-year average. The 32-year average for June is 1.13 inches. In the first 20 days of this year there was 1.62 inches.

A comparison of the precipitation for the past few years is interesting. In the following figures, the first figure is that of the January to May period. The second figure is the rain in the first 20 days of June. The third is the total for the year to June 20th.

1942-7.13 plus 1.62; 8.75, 1947-2.90 plus 1.11; 4.01, 1946-2.65 plus 1.82; 6.74, 1945-4.77 plus .59; 5.36, 1944-5.14 plus 1.54; 6.68, 1942-2.25 plus .70; 2.95, 1941-2.27 plus 1.66; 8.93.

Above Normal
From these figures it is apparent that the precipitation has been far above the normal figure. It was the second highest since 1940.

In the above figures it will be noted that in 1942 when there was bad flooding conditions, the precipitation was below the 32-year average. On the other hand the record precipitation was in 1941 when there was no real flooding conditions. A second check was made with Weatherman D. Chapman on these figures, thinking these might be reversed, but he assured The Courier they are correct.

Other conditions than precipitation affected the lake level favorably in 1941 and adversely in 1942. According to the reports of the provincial department of agriculture, over a 32-year period ending in 1940, the monthly precipitation in Kelowna is: January 1.23; February, 0.88; March, 0.71; April 0.62; May, 0.94; June, 1.13; July, 0.76; August, 0.77; September, 1.11; October, 1.21; November, 1.20; December, 1.61. Year's average, 12.17.

MAID SITS DOWN; GETS SIX MONTHS

BELFAST (CP)—Florence Johnston, 25-year-old maid, staged a sit-down strike at the home of her Belfast employer, Dr. G. D. McFadden, because she did not like her room.

The doctor called police and Florence, fresh from County Tyrone, was carried kicking to the police station. Later she was carried into court, still sitting. She sat on the floor of the dock, out of sight, and refused to speak.

"Seeing you have no interest in these proceedings," said the magistrate, "you will have a good rest—six months in Armagh jail."

WINFIELD AIDS FLOOD RELIEF FUND BY \$84.30

WINFIELD — The local Flood Relief Fund was enriched by \$84.30 from the proceeds of the entertainment held in the Community Hall under the auspices of the Winfield Women's Institute.

Sam Tyndall showed interesting film pictures of his recent trip to Ireland.

Other items included: The Galliard Dance, Jeanne Laing, Joanne Laing and Myrtle Motherwell accompanied by Mrs. Seaton at the piano.

Piano solo, Elaine Gledie; vocal solo, Mrs. Seaton accompanied by Mrs. Ash; Monologue, Mrs. Del Reising; Mixed trio, Mrs. I. Seibel, Mrs. D. Reising and Art Ziprick; Ballet dance, Carol Johnson with Mrs. Pixton, Okanagan Centre at the piano; Piano and violin solo, Mrs. Edmunds and Jack Edmunds; Fairy dance, Eva Laing, Caroline Pow; Men's quartette, B. Ziprick, I. Seibel, D. Reising.

The Women's Institute sold home made candy, ice cream and soft drinks.

David Lodge left by train Friday on a holiday trip to coast points.

Marguerite Griffith has returned home from the Kelowna General Hospital where she underwent an appendectomy.

Mr. and Mrs. R. Berry, Sr., left Friday on a three months visit to England and Scotland. They will travel by train to Halifax, sailing from there on the Aquitania on June 26. This is Mrs. Berry's first trip to England but for Mr. Berry it is a return to his homeland after forty-two years in Canada.

Clair Gledie has returned from college in Seattle to spend the summer with his parents, Mr. and Mrs. E. Gledie.

Mrs. Tracy has returned home from the Kelowna General Hospital.

Charlie, Donald and Steven Bond have left for Resko to visit their aunt and uncle, Mr. and Mrs. Angus Gregg.

Mr. and Mrs. Eldred Berry, of Tobia Inlet, former residents of Winfield, are being congratulated on the birth of a son.

Leonard Shearer, Lakeshore Inn, returned to his farm at Clairesholm, Alta., after spending a few days at his home here. He was accompanied by his sister-in-law, Fay Qually.

Mr. and Mrs. J. Shanks have returned to make their home here after spending the past year in Omak, Wash.

EAST KELOWNA P.T.A. GIVEN SPECIAL AWARD

EAST KELOWNA — The annual meeting of the East Kelowna P.T.A. was held in the school, Tuesday, June 14. Most encouraging reports were received from the convenors of all committees and a very satisfactory treasurer's report was presented. The Association has made progress in all sections. One of the outstanding features of the meeting was the presentation of a "Special Award" membership certificate from the B.C.P.T. Federation, the parent body. This was awarded for the 50% increase in membership achieved during the current year.

A fairly large library has been established. The annual picnic, which this year will be made a community picnic, will be held on Wednesday, June 30th. The day will be spent at Kalamalka Lake.

The election of officers for the 1948-49 term saw the following placed in office: hon. president, M. N. Barwick; president, S. D. Dymon; past president, Mrs. Senger; vice-president, A. W. Rogers; secretary, R. C. Pethybridge; treasurer, R. A. Widmeyer.

Convenors for the various committees were: membership, Mrs. W. Murrell; publicity, Mrs. C. Ross; hospitality, budget and social, Mrs. D. Evans; community standards, youth, welfare and goodwill, Mrs. H. Hewlett; health, recreation, safety and sport, R. T. Carruthers; parent education, Mrs. J. Welsbeck; preschool, Mrs. H. R. Perry and Mrs. R. Smith; literature, music and art, R. A. Widmeyer.

SEVEN NEW MEMBERS JOIN OYAMA LEGION

OYAMA — Seven new ordinary members and eight club members have joined the Oyama Branch, Canadian Legion, since its last meeting. Vacancies for eight more club members exist before the quota is filled.

The Rev. A. R. Lett read the list of names that had been compiled for the Honor Roll for the district, and called for any additions and corrections. The list is expected to be complete by the time of the next meeting.

Zone Meeting
The next meeting for the North Okanagan Zone is to be held in Oyama on June 27. The official delegates from this branch named to attend are: president, H. W. Byatt; secretary, E. A. Lees; committee members, W. Hayward and A. W. Gray.

In response to popular demand, it was decided to open the club premises on Mondays. As the billiard tables recently installed were operating at a profit, it was decided to pay off one of the debentures.

As many other members as possible were invited to attend. E. Callacher and Ralph Berry were appointed to consider the possibility of the formation of a Le-

A DIV. OF GREAT WESTERN TRAVEL SYSTEM

Faster Than the Speed of Sound

This picture of the X-1 in flight over Muroc, California, was released by the U.S. Air Force re-
cently after Secretary of Air W. Stuart Symington told newspapermen that the plane has flown
"much faster than the speed of sound."

RUTLAND HIGH SCHOOL NOTES

By ELEANOR FUGGER

It never rains, but it pours, and
Rutland High has literally been
drowned with activities these last
two months.

Softball has been the main sport
all spring and both boys and girls
have rounded up some very good
teams. On May 29 the Rutland boys
and girls won the Central Okana-
gan Valley Championship. Their
luck continued for the Northern
and Central Zone Champs. And fin-
ally, on June 17, the teams tackled
Summerland, who were the win-
ners of the South. This victory
gave the Rutland teams the Okana-
gan Valley championship.

Bobby Hush has returned from
Butte, Montana, where he ranked
fifth in the Knights of Pythias
Public Speaking Contest.

The new High School which will
include a gym and auditorium,
which they have been waiting for
a long time, is now in progress.
Everyone is looking forward to
when it will be completed.

The school rings and pins, which
have the school crest designed on
them, have arrived. The students'
council is busy with the last min-
ute duty of distributing them.

The Journalism class is very
proud of the High School Annual
which they produced this year. It
is now being issued to the subscri-
bers.

On the afternoon of June 18,
grades 8-12 gathered on the school
lawn for the presentation of the
letter awards. These letters were
awarded to the students with the
highest all-round standards.

Those who received the awards
were as follows: from grade 12,
Doug Montgomery and Naga Tera-
da; grade 11—Tony Brummett, Do-
reen Potocary, Ephraim Day,
Hugh Fitzpatrick and Patsy Shun-
ter; from grade 10, Josephine Jantz,
Bobby Hush and Brenda Shunter.

The second and third winners in

the Valley High School track meet
were presented with ribbons as
awards.

Claude Bissell and Miss Martin,
the coaches for all the high school
teams, were presented with gifts
of gratitude from the boys and
girls teams.

On the evening of June 18, the
Women's Institute of Rutland serv-
ed a delicious banquet to the grad-
uating class of Rutland High.
Grace was said by one of the Grads
and toasts were presented to the
King, the graduating class, the Rut-
land School Board, and the Rut-
land School.

The graduation dance commenced
at 8:00. A variety of music was
supplied by Lehner's Orchestra and
a lunch was served at 11:00. The
party broke up at 12:00.
Final exams are over now and
the results will be out soon. We
are all crossing our fingers and
hoping for the best. Whatever the
results are—we're all looking for-
ward to a long, enjoyable summer
holiday.

FIRST KELOWNA TROOP

selling tickets for the band concert
next Sunday. Remember every tick-
et you sell is fifty cents more to
help out the people of the Fraser
Valley. Perhaps it may go to help
some Scout or his family who are
in sore need of help. Go out and
help every minute you can and re-
port to your P.L. on Thursday eve-
ning on the number of tickets you
have sold.

Next week's meeting is on Wed-
nesday next Tuesday and will be a
joint meeting with the 2nd Kelowna
Troop. The meeting will be at
the Scout Hall at 7 p.m. The de-
tailed program for this meeting
will be given out at the meeting.

Congratulations

The Troop wishes to congratu-
late the Scoutmaster of the 2nd
Kelowna Troop, Mr. George Yo-
chim on his marriage. The Troop
wishes his wife and him every hap-
piness and hope that the cares of
married life won't keep him away
from Scouting.

**Every B.C. City
HAS A FLAVOR ALL ITS OWN**

"QUEEN OF THE VALLEY"

She rules among the poplars—her realm a tidy
checkerboard of neat white farms, trim hedges and
lush green meadows, daintily by the swirling Fraser.

The years have brought her riches; vast dairy herds,
eggs and poultry of world renown slated for world
markets. Migrants flock to her hop fields and berry
patches. Her well-groomed lawns and spacious homes
breathe settled comfort and prosperity. At seventy-
five she can chuckle at the shades of long vanished
gold seekers who spurned her bounty for an empty pan.

What city do we here salute? Why, none but Chilliwack
—undisputed mistress of the upper Fraser Valley.
Now, as summer nears, she turns her back on cere
and—lovely as a young princess, bids royal welcome
to carnival and cherry time again.

Chilliwack: Business centre of upper
Fraser Valley, 60 miles from Vancouver on
Trans-Canada Highway. Served by C.N.R.
main line and B.C. Electric Interurban to
Vancouver. Population, city and district,
over 14,000. Principal industry, dairying.
also poultry raising, fruit and hop growing.
Agricultural returns more than \$10,000,000
per year.

THEY LOOK BEYOND DISASTER

This advertisement was prepared before flood waters
struck in the Fraser Valley . . . and in so many other
sections of British Columbia. Much has changed
since then—but one thing that has not changed is
the spirit of the people. With the same courage and
determination with which they built their homesteads
through long years of toil, they have engaged in an
all-out counter-attack against the flooding river. Working
together, accomplishing together, they look beyond
disaster to something good to come. These are our
neighbours who are in trouble. Let's match, with our
dollars, the contribution of all those who fight the
river with their bare hands.

Fund to any Bank, Trust Company, Newspaper
or Radio Station.

OK. CENTRE SUNDAY SCHOOL ENJOYS PICNIC

OKANAGAN CENTRE — The
pupils of the United Church Sun-
day School enjoyed a picnic at
Siwash Bay on Saturday last with
lunch, games, bathing and tea in
the afternoon.

Mrs. Macfarlane, Mrs. Hunter
and Miss MacLennan were the hos-
tesses.

Mrs. E. Bastable, of Winnipeg,
was the guest of Mr. and Mrs. F.
Dawson over a long week-end
coming in on Thursday last leav-
ing on Monday for Vancouver.

Mrs. Long and Mrs. G. Reeve vi-
sited over the week-end in Sum-
merland, the guest of the former's
daughter, Mrs. W. Gillard.

Apples contain about 87 per cent water, one per cent fat, and 12 per cent carbohydrates.

CHANGE of LIFE?

Are you going through the functional "middle age" period peculiar to women (35 to 52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, high-strung, tired? Try Pinkham's Compound, the famous vegetable compound to relieve such symptoms. Pinkham's Compound also has what Doctors call a stomachic tonic effect!

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

That's what they'll say about your garden when you spray with Green Cross DDT Flower Spray. A highly efficient and economical insecticide for the control of Chalcids and Curculionids, Thrips, and other destructive garden pests.

FOR MODERN PEST CONTROL

Weddings

MACFARLANE-BALL

A quiet wedding took place May 26 at 11 a.m. in Metropolitan United Church, Victoria, B.C. E. A. Whitehouse officiating, when Doris Margaret, eldest daughter of Charles E. Ball, of Shalton, South Devon, England, and the late Mrs. Ball, became the bride of Dugald MacFarlane, of Kelowna.

The bride was given away by Major Frank McNaughton and Mrs. McNaughton was matron of honor. Mr. J. W. Jones acted as best man.

The honeymoon was spent motor-ing on Vancouver Island and at The Alders, near Merville. The couple drove to Kelowna via the States and are making their home at Okanagan Mission.

The bride was for some years a resident of Kelowna, being the niece of Rev. Joseph Ball and a cousin of Dr. Ralph Ball, now resi-

dent in New York. Dr. Ball, who was born in Kelowna, visited his cousin in Victoria, while a guest at the Empress Hotel, in May. He has recently been appointed manager of the new plant at Princeton, being built by the Celanese Corporation of America.

Dr. A. Ernest Whitehouse, the clergyman officiating, was formerly of Penticton.

ROBERTS-BROWN

One of the loveliest of summer weddings was solemnized on Wednesday, June 16, at First United Church, when Doreen Marie Brown, only daughter of Mr. and Mrs. P. Brown, became the bride of John Edward Roberts, son of Mr. and Mrs. T. A. Roberts, Rev. M. W. Lees officiating. The church was decorated with peonies and roses.

Given in marriage by her father, the charming bride was a picture in her white satin gown, fashioned with sheer yoke; ruffles of lace at shoulder and waistline enhancing the beauty of fitted bodice. The draped skirt fell in a long court train.

The finger-tip veil of sheer embroidered net was held in place with a coronet of crystals and seed pearls. She carried a bouquet of pink roses and wore a pearl necklace, gift of the groom.

The matron of honor, Mrs. A.S. Padgham, of Chilliwack was becomingly gowned in pink organza, with shoulder-length veil, and carried a bouquet of pink carnations. The bridesmaid, Miss Jean Woods, was dressed in blue sheer, with matching veil, and carried blue carnations.

Mr. Joe Roberts as groomsmen attended his brother, Mr. Don Roberts and Mr. R. J. Bennett.

During the signing of the register, "O Promise Me" was beautifully sung by Mr. Ernest Burnett, tenor, accompanied by Miss Martha Kliest at the organ.

Following the ceremony a reception was held at the Willow Inn. A three-tiered wedding cake centred the bride's table, which was decorated with red roses. Mrs. Lloyd Jessop and Mrs. Harry Wait poured tea, and servers were Mrs. Joe Roberts, Mrs. Alban Kravitz, Mrs. David Roberts, Miss Nita Guld, Miss Bessie Gordon and Miss Helen Stratton.

Mr. Robert Simons played the piano. Mr. Dick Benmore proposed the toast to the bride to which the groom fittingly responded.

Following the reception the crowd adjourned to the home of the bride, where the many lovely wedding gifts were displayed.

For going away the bride wore a white two-piece suit with gold buttons, her small, white hat had a crown of flowers and her alligator bag matched her shoes.

After a motor trip through the States to Banff, the couple will reside in their new home on Cambridge Street.

Norway and Denmark were united from 1380 until 1814.

Pleasing Demonstration of Dancing Given by Students at Annual Revue

The Dr. Knox Chapter, I.O.E.F. held a successful Flood Relief Fund tea at "Brookside," home of Mr. and Mrs. W. A. C. Bennett, Wednesday, June 16. Those present at the tea tables were: Mrs. W. B. Hughes-Garner, Mrs. Rupert Brown, Mrs. Cecil Bull, Mrs. W. J. Knox, Mrs. A. P. Pettipiece and Mrs. R. G. Rutherford. Servers were Miss Nita Bennett, Miss Winifred Earl and Miss Vera Earl. Miss Grace Pearcey, Mrs. Madeline Ralph and Marilyn; and Miss Valerie Winter.

Mrs. Forlie Pridham was winner of the lawn chair.

ENGAGEMENT

Mr. and Mrs. Harold E. Wyler, Delaware, Ontario, announce the engagement of their only daughter, Margaret Elaine, to Mr. Donald W. Sandercott, of Kelowna, son of Mr. and Mrs. E. Sandercott, of London, Ont. The wedding will take place July 17 in London.

Mrs. Ed. Davis returned to the Willow Inn on Wednesday from Vancouver, where she has spent the past month. She was a guest of her son-in-law and daughter, Mr. and Mrs. E. J. McKenzie.

Mr. and Mrs. Maurice Stinson, of Vancouver, have been spending a few days in Kelowna while making a tour of the Valley, continuing to Calgary and returning via the States. Mrs. Stinson was formerly Doris Graham, daughter of Mr. and Mrs. H. Graham, who used to live in Kelowna.

On Friday Mme. Olga Radin was hostess at the home of Mrs. J. Nilsson, MacFarlane, "The Greenhouse," when they met for tea, conversation and reading from "Le Petit Journal." Present were Mrs. H. G. M. Gardner, Miss Nancy Gale, Miss Mina McGowan, Mrs. Percy Pettipiece, Mrs. Oliver St. John of Peachland, Mrs. Ira Swartz, Mr. Ted Affleck and Mr. Joseph Barre.

Miss Dorothy Milligan has arrived from Greenwood to spend a fortnight with Mr. and Mrs. G. W. Burk, La Riviera.

Mrs. E. W. June Thomas and her 15 months' old daughter, Lesley, accompanied by her sister, Miss Joan Gore, flew from Vancouver to Penticton, to spend the summer with Mrs. S. M. Gore, Patterson Avenue, mother of the two girls. Mrs. Thomas had flown from Port Arthur, Ontario, to join her sister, Joan, in Vancouver.

Mr. and Mrs. Charles M. Horner left on Thursday to attend a Mutual Life of Canada convention at the Royal York Hotel Toronto. Mr. Horner will return in about three weeks and Mrs. Horner will spend some five weeks visiting friends in Ottawa, Montreal and her sister, Mrs. Arthur Stone, at West Shetford, Quebec.

It was to entertain Mr. and Mrs. Bill Prittie, Mr. Ray James, all of Vancouver, and Mr. and Mrs. Frank Kelly, recently arrived from that city, that Mr. and Mrs. Walby Trueman invited friends, including Mrs. John Chambers and Mr. Hugh Burbank, to their home on Manhattan Drive, Saturday night, for cocktails, prior to the Aquatic dance. After the dance, the guests returned to the Trueman home. Mr. and Mrs. Prittie are spending their honeymoon here.

Mr. Leo Hayes, of Victoria, is a guest at the Willow Inn. He plans to spend about a fortnight in Kelowna.

The United Church Hall was packed Friday evening with relatives and friends attending the efficient and enjoyable 11th Annual Revue of the Mary Pratten School of Dancing.

Exercises from the beginners' class progressed to class 7, with Betty Cross and Shellagh Henderson demonstrating ballet movements; and Billie Drinkwater and Charlie Giordano in class VI, boys' tap. Exercises, beautifully done, were part of the primary work of "The Ballet in Education."

Heather Reid and Charlie Faulkner, both three and a half, won acclaim as partners in a gaiter; and Joann Duncan, did a graceful and poised ballet number. Judy Sutton, Sandra Mills, Joan Barre, Lynn Felt, Lynn Cumberland, Pamela Fisher, Patsy Bauer, Lynn Burnett, Carol Jones, Kattie Aspy, Nicky Butt, Nina and Peggy Johnson, Judy Barton, Victoria Blissett, Beatrice Standbridge, Denise Hegedard, Judy Snowball, Carol Geier, Sharon Duncan, Elaine Gavin, Elinor Schluter, Catherine Clark, Mary Lou Jensen, Doreen and Lillian Serwa, Caroline Pow, Joan, Jean and Eva Mae Laing; Yvonne Sauder, Mary Frances Manning, Mabel McLeod, Brenda Carr-Hilton, Roberta McKee, Harriett Jensen, Maybelle Grippman, Diane McLeod, Carol Johnson, Josephine Pasmak, Rhoda Rizzo and Marlene Geier, comprised the beginners' class to class III. In class IV were Barbara, Kenna Sheldan, Marlene Geier, Mary Lou Jensen, Elinor Schluter, Pamela Fisher, Donna Flintoft, Judy Barton and Joann Duncan.

To a Spanish Dance, Toni Carr-Hilton brought a suave manner and Latin feeling beyond her 12 years. Betty Cross did a "boisterous Hopak"; and Brenda Carr-Hilton, Mary Laing gave an excellent performance of Seann Triubhas. Barbara Wynne, Maureen McCleure, Donna Ross and Ruth Serwa were changing in "Le Menuet." A minute study for tines was done by Mary Lou Jensen, Lynn Burnett and Sheridan Carr-Hilton with aplomb.

Talented Gypsy dancers in "To a Wild Rose" were Beth Walker, Kenna Wynne and Patricia Davidson, Marlene Geier, one of the most gifted dancers, did a clever "Mosquito Dance." Shellagh Henderson did a lively Hornpipe, while Tchaikovsky's "Waltz of the Flowers" was agreeably interpreted by Joan and Valerie Van Ackeren, Okanagan Centre; Carol Johnson, Diane McLeod and Harriett Jensen. Russian Dance was vividly acted by Patsy Hume. Rhoda Rizzo, nine, a musical youngster of unusual talent, did ballet steps with lovely flowing movement, and her usual finesse and savoir faire.

Maybelle Grippman, with pleasantly free arm movements, Josephine Pasmak and Roberta McKee, did a classical dance, light as fairies.

Welsh Dance
A Welsh dance was happily recalled.

— RECIPE HINTS —

Rhubarb Pan Dowdy is a dessert that means second helpings.

Rhubarb Pan Dowdy
4 cups diced fresh rhubarb, 1 cup sugar, 1 tsp. butter, 1/2 cup bran, 1/2 cup milk, 1 1/2 cups sifted flour, 1 tbs. baking powder, 1 tsp. salt, 2 tbs. sugar, 1-2 cup shortening. Arrange the rhubarb in well-oiled 6 by 10 baking dish. Sprinkle with sugar and dot with butter. Soak bran in the milk. Sift flour, baking powder, salt and the 2 tablespoons of sugar together. Mix shortening until like coarse cornmeal. Add soaked bran and stir just till flour disappears. Drop large spoonful on rhubarb and spread lightly to cover it. Bake in moderate oven (375 degrees F.) 35-40 minutes. This makes about 8 servings depending upon how popular it is in your family.

ized by Catherine Clark, Frances Manning, Eva Mae Laing, a free and rhythmic dancer; Yvonne Sauder, Doreen Serwa, Marilyn Ralph and Caroline Pow.

The Serwa sisters as usual gave pleasure with their happy and musical dancing and carefully prepared work.

Betty Cross brought a cleverly looge-jointed feeling to her Pierrot, danced to Shellagh Henderson's Pierrette. Brenda Carr-Hilton and Harriett Jensen did a classical duet in complete unison, with the charm and serious approach these little ones bring to their work.

The grand finale, a ballet for 20 girls, included Brenda and Toni Carr-Hilton, Harriett Jensen, Rhoda Rizzo, Marlene Geier, Carol Johnson, Roberta McKee, Josephine Pasmak, Joan and Valerie Van Ackeren, Diane McLeod, Maureen McCleure, Barbara and Kenna Wynne, Patricia Davidson, Beth Walker, Patsy Hume, of the pleasing arabesque, Maybelle Grippman, Betty Cross and Shellagh Henderson.

The Gypsy group brings a valuable contribution, Maureen McCleure, her joyous air and easy movements; Barbara and Kenna Wynne a graciousness and serious understanding; Beth Walker a sense of dignity and poise. Pat Davidson, for her one year of work, shows great promise.

Beautifully made costumes added to the pleasure of the performance. Awards for perfect attendance went to 30 students, a record being set by Rhoda Rizzo who has never missed her bi-weekly lessons for three years.

Maybelle Grippman won the award as best ticket seller, having sold 50.

Certificates
Betty Cross and Shellagh Henderson received certificates for passing the elementary exams for the Royal Academy. Certificates for others passing the recent exams are expected soon.

Miss Pratten's cup to the girl with most marks in the examinations went to Sheridan Carr-Hilton. Sherry, who is just five, made 89 marks.

The School cup, awarded monthly, went jointly to Josephine Pasmak and Marilyn Ralph.

Mrs. Ernie Jensen, accompanist, received from Miss Pratten, on behalf of parents, a beautiful bag, with a gift of money. Mrs. Jensen has played the difficult examination music, music for the festival and for the revue.

Carol Geier gave a bouquet of snapdragons to Miss Pratten and Marilyn Ralph presented one of pink and white prize peonies from Mrs. Jensen's garden. Kenna Wynne gave her a basket, garlanded with pink roses, filled with 500 pieces from grateful parents. Mrs. Charlie Henderson thanking Miss Pratten for her painstaking work with the children.

PIANO PUPILS GIVE RECITAL

The drawingroom of Guisachan Farm was the setting, Monday night, for a gathering of relatives and friends watching the young piano pupils of the hostess, Mrs. G. D. Cameron, in recital.

Guest artists were Velva Maxson, soprano, pupil of Phyllis Trenwith, who sang the lovely Arthur Somerwill composition, "Sleep Baby Sleep"; and Danny Ferguson, nine, winner of the Empress Theatre Cup in the Musical Festival, pupil of his aunt, Isobel Murray Campbell. Danny's violin selection was "Easter Hymn."

Taking part in the recital were Ruth Ochs, Shirley Brown, the talented Serwa sisters, Ruth, Lillian and Doreen; Sheila Johnson, Merle and Norma McKenzie, Aileen Rutherford, David Price, Morna Brown, Pat Renfrew, Marjorie and Lloyd Morin, Denny Pollard and Alma and Hazel Lansdowne.

Playing of all the children was marked by its musical tone and happy approach to the piano.

Mr. Claude Whitehorn has left for Penticton, where he will remain until October. Mrs. Whitehorn, who is a patient in the Kelowna General Hospital, plans to go to Vancouver at a later date.

MAGIC BAKING POWDER

TWO BABIES ARE CHRISTENED

Lilli-Marlene were the names bestowed on the one-year-old daughter of Mr. and Mrs. William Buttice, when Ven. Archdeacon Catchpole officiated at baptismal rites Sunday afternoon at 3 o'clock in St. Michael and All Angels' Church. Her godparents were Mrs. Ernest Minchen, the baby's aunt, and Mr. and Mrs. Leslie Orsi.

Brian Douglas, one-year-old son of Mr. and Mrs. Ernest Minchen, was also christened Sunday in St. Michael and All Angels' Church by Archdeacon Catchpole. His godparents were Mr. William Buttice, the baby's uncle and Mr. and Mrs. William Woods, great uncle and great aunt. Following the christening a family tea was held later at the home of the principals' grandparents, Mr. and Mrs. J. Buttice, 2119 Pender Street.

Miss Lorna Archer-Houlton who has spent the past month with her parents, Mr. and Mrs. Robert Archer-Houlton, left Saturday to return to Vancouver, where she has spent the winter. Miss Archer-Houlton is busy writing a book on ceramics, in conjunction with Georges Hutchison, of Montreal, at present with Medallia Potteries, Medicine Hat. Miss Archer-Houlton has the use of the technical library of David Lambert of Lamberton Potteries, Vancouver. Mr. Lambert studied for several years in England with Bernard Leach, who is renowned for his research on ceramics carried on in Japan and for his books on the subject.

Mrs. Beth Wilson returned Monday after a week spent at the coast. She flew from Penitence to Vancouver, where she was a guest at Hotel Vancouver, and from there to Seattle, returning to Penitence via aircraft.

Delegates of the Kelowna Film Council attending the conference of Film Councils of B.C. being held June 22-25 at the lecture hall, Acadia Camp, University of B.C. are Jim Treadgold, in charge of projections and A. E. Vowles, vice-president.

Mrs. Tommy Griffith was an informal luncheon hostess on Tuesday when her guests were Mrs. Edgar Abbott, Mrs. Cameron Day, Mrs. Pearl Greer, Mrs. J. W. Hughes and Mrs. William Lloyd-Jones.

Mrs. Harold Race, of Vancouver, is a guest at the Willow Inn, while spending several weeks here on her first trip to the Okanagan. Mr. Race who is connected with the Highland Bell Mining Company at Beavertown, will join her on Saturday. Mr. and Mrs. Race moved from McKenzie Island, the mining district in northern Ontario to make their home in Vancouver about a year ago.

Miss Muriel Huscroft, of Wynndel, is visiting her brother-in-law and sister, Mr. and Mrs. Craig Brodie, and her month-old nephew, Denis, also her sister, Miss Doris Huscroft.

Mr. and Mrs. P. J. Gaynor, of Peachland, have received word of the arrival of their son, P.O. J. S. Gaynor, R.C.N., with his wife and daughter, Karin, aboard S.S. Aquitania, at Portsmouth, England. Jack Gaynor is taking a course in radar.

SCANTLAND'S

"Ladies' and Children's Apparel Specialists"

Miss Anna Greig and Miss Helen Coram of the staff of the Kelowna General Hospital, left on Saturday to spend a holiday at Dutch Lake Guest Ranch in the Clearwater District. They will be staying with Miss Greig's friends, Miss Dorothy Bell and Miss Grace McGaw.

A miscellaneous shower was given Monday night in the Grace Baptist Church parlor, for Miss Helen Rosenfeld, when Miss Elsie Kraemer and Miss Bertha Hilt invited some 45 friends for the evening. They also arranged the musical program that preceded the opening of the gifts and refreshments, which consisted of hamburgers, ice cream and coffee. Out-of-town guests included Mr. and Mrs. Bert Cramb, of Tzofch, Alta., and Mrs. Edmund Wolschinger, of Olds, Alta., who were in Kelowna on business. Also present were Mr. and Mrs. Robert, of Swan River, Manitoba, cousins of the bride-elect.

Dr. Jim Rankine, president of the Lions Club, with Mrs. Rankine and Mrs. Jack Schell with Gerry, and Mr. and Mrs. C. Weeks left on Saturday for Spokane to attend a Lions convention. Registration was on Sunday and the convention wound up on Wednesday.

Dr. Hector Moir, recently arrived from Vancouver, was guest speaker at the weekly Kiwanis dinner meeting held at the Willow Inn Tuesday. Infectious diseases, emphasizing typhoid, was his topic. Harold Johnson, president, was in the chair and some 30 members were present.

Brian N. H. Laird, of Vancouver, is a guest at the Willow Inn while spending some three weeks in Kelowna, working for Dun & Bradstreet of Canada Ltd. Mr. Laird is making an eight-month trip through the interior. Mr. Laird, who comes from Auckland, left New Zealand during the war for air training at Winnipeg and Edmonton. On arriving here he ran into Leslie Wilson, who had been one of his instructors at Winnipeg. After the war and his return to New Zealand, he decided he wanted to make his home in Canada, preferably in British Columbia.

Mr. David C. Craig left on Wednesday to return to his home in Calgary having been a guest of Mr. and Mrs. George Craig, Rutland, during the family reunion of the Craigs.

FLOOD RELIEF FUND DANCE SUCCESSFUL

The Flood Relief Fund dance, sponsored by Carl Dunaway, brought a good crowd to the Aquatic on Monday evening. Hilda Leaman was in charge of entertainment and Fred Russell acted as master of ceremonies. Mrs. Foster Mills and Mrs. Hugh Shirreff had bedecked the ballroom with summer blossoms. Excellent musical numbers delighted the guests. Shirley Elden, who has endeared herself to Kelowna's musical public, in a Gay Nineties costume designed and made by Hilda McLennan, charmed the audience with "Won't You Come Home, Bill Bailey?" and "A Good Man is Hard to Find." Gwyneth Reece and Al Matte, whose duet numbers always give pleasure, sang "Little Old Mill" and "My Heart Stood Still."

Among the dancers were Mr. and Mrs. Ron McColl, Miss Helen de Puyfrier, Mr. John Kitson, Mrs. L. Lockner, Miss Marie Fitzpatrick, Miss Marge Wilkinson, Mr. J. Horton, Mr. Bert Anderson, Miss Joan Wilkinson, Miss Mary Atkinson, Mr. Geoff and Mrs. Dud Agassiz, Mr. George Reid, Mr. Gary Robinson, Miss Jeannette Ollerich, Mr. Jack Dawson, Mr. and Mrs. Wilf Rueger, Mr. and Mrs. Terry Bennett, of Vancouver, Mr. Art Smith, Miss Albina Ivanschitz, Mr. R. C. Reid, Mr. Bob McClelland, Mr. Harry Armstrong, Vancouver, and Mr. Art Smith.

Mr. and Mrs. Louis R. Senger and Mr. and Mrs. Bob Carruthers of East Kelowna were together while another party comprised Miss Joan Mallet-Paret, Miss Hazel Jackson, Miss Phyllis Cope, Miss Brenda and Miss Connie Butler, Mr. Jack Bell, Mr. Doug Mallet-Paret, Mr. Jack Needham and Mr. Gifford and Mr. Ken Thomson. Miss Kay Balderston, Miss Janet Bell, Miss Iola Maywood, Mr. Ken Geis and Mr. Maynard McCune, on vacation from the University of Alberta and Mr. Frank Zaiser.

BANQUET HELD FOR MOTHERS BY STAGETTES

The annual mother and daughter banquet given by Stagettes was held at the Aquatic on Tuesday under ideal conditions, tables being attractively set on the veranda overlooking the lake.

President Mary Shaw-MacLaren greeted guests. Those who had not mothers to bring, invited a friend. Miss MacLaren brought Miss Margaret MacLeod, Miss Marguerite Gowers brought Mrs. A. M. Bowser, Miss Joan Lawrence, Mrs. Bill Robson, Miss Dorothy Jackson, Miss Evelyn Kenney. Miss Jill Kelsey brought her aunt, Mrs. E. A. Robinson, and Patsy McIvor, Mrs. B. McIvor. Mrs. D. M. Black was the guest of Miss Grace Crawford and Jean Kerr brought her mother, Mrs. G. R. C. Kerr.

Mrs. T. E. Glover was with Miss Marge Glover, Miss Rosemary Lansdowne with Miss Gwen Oxley and Mrs. Myrtle Powell with Miss Helene Neid. Miss Mary Blakeborough took Mrs. H. A. Blakeborough and Miss Margaret Drummond took her mother, Mrs. C. E. Joffe. Mrs. S. C. Dooley was with Miss Vivian Dooley and Mrs. J. Piro with Miss Terry Piro.

Weddings

BROOKS-McCARTHY
At the First United Church, Manse, 963 Glenn Avenue, on Sunday, June 16, at 10 a.m. Rev. M. W. Lees officiated at the marriage of Jessie Irene McCarthy, Winfield, to Mr. Dennison Clayton Brooks. The bride was given away by her father, Mr. Maurice McCarthy, who was attended by her sister, Miss Joy Ella McCarthy. The groom's attendant was Mr. Wilbert Cleveland.

THE ARTS

With the Kamloops Canadian Legion Symphony Orchestra again in the limelight during the recent Kamloops Musical Festival, attention is focussed on its conductor, A. Nelson McMurdo who is teacher of the 65 piece band, and the orchestra of which there are 95 members.

Mr. McMurdo has living in Kamloops since 1927 and is musical director of schools. For five years he was O.C. entertainment, Canadian forces. His leg, smashed in a London air raid, was re-smashed when he was torpedoed in the Mediterranean, on his way to North Africa. Born in Scotland, Nelson McMurdo attended the Royal Academy, London, his violin teacher being Jan Hambourg. He also had military band training, meaning a working knowledge of all band instruments, plus the strings.

In the spring of 1948 Mr. McMurdo returned to Kamloops and his position of music director in the junior and high schools. He started the orchestra, and in September, the band. Players are nine to 20 years old.

Buying instruments, to the tune of \$40,000, was made possible by City Council, Canadian Legion, service clubs and the general public. "I could use another \$20,000 to get more instruments," he says. The Ladies Auxiliary to the Or-

MISS A. BROWN IS HONORED AT SHOWER

A coffee table loaded with gifts was the surprise that greeted Miss Audrey Brown, at a kitchen shower held by Marion Bourke, Glenn Avenue, and her co-hostess Doreen Sutton, Thursday evening.

Peonies and roses were used in decoration. With her gift, each girl brought a picture of herself and a recipe.

The word jumble game was won by Wilma Wilson and bingo prizes went to Audrey Brown, Myrna Pleyon, Dolores Polack, Doreen Sutton and Wilma Wilson.

Guests included Mrs. Rupert Brown, Mrs. Felix Sutton, Mrs. Doug McEellan, Elva Baldock, Flora Brown, Carol Curtis, Karen Kim, Ellen Kobayashi, Leah McEellan, Ellen Ritchie, Kay Standbridge and Dot Whitman.

Community singing, refreshments and reminiscences of school days, took up the remainder of the evening.

QUEBEC HOLIDAY

Today, June 24, is a provincial holiday in Quebec. It is the day commemorating the birth of St. John the Baptist, patron saint of French Canadians.

FARSIGHTED MONARCH

The Egyptian king, Rameses II, was the first to excavate a canal between the Nile delta and the Red Sea.

Women's Meetings
Women's meetings, for which no admission charge is made, may be advertised free of cost under this heading. Copy must be given The Courier before 5 p.m. Tuesdays and Fridays.

Piano pupils of Mrs. Ethel Magee will be heard in recital at St. Joseph's Hall, Sutherland Avenue, Saturday, June 28, juniors at 2:30 p.m. and seniors at 8 p.m. The public is invited.

The W.A. of the Anglican Church of Kelowna are holding their annual flower show, sale of work, home cooking and afternoon tea at the Parish Hall on Sutherland Avenue, June 30, at 2 p.m. Prize lists for anyone wishing to enter exhibits can be obtained from Mrs. F. G. 249-R2.

chestra paid for three sleeping cars and all fares, a donation of \$1,000 to bring the musicians to Kelowna for its first competition at the Musical Festival.

CRAIG FAMILY HAVE REUNION

A family dinner party at Eldorado Arms Saturday was the fitting climax of two wonderful weeks of reunion of the Craig family some of whom had not met for 40 years.

Those present were Mr. and Mrs. William Barclay Craig and Miss Anne Craig, of Arnprior, Ontario, sister of Mr. Craig; Mrs. E. M. W. Barnes, of Dover, England; Mr. and Mrs. John C. Craig, Oyama; Mr. and Mrs. George Craig, Rutland and their son-in-law and daughter, Mr. and Mrs. Robert M. Hayman and Mr. David C. Craig, of Calgary.

On Sunday morning the family party drove to Penitence to spend a few hours with their uncle, Mr. George Craig and cousins, Mrs. Elsie MacCleave and Mrs. Monica Craig-Fisher. The Eastern visitors then continued for a short holiday in Vancouver and Victoria, and will then proceed via the States to Ontario.

WESTBANK AIDS FLOOD FUND BY \$628.55

WESTBANK-A total of \$628.55 has been given in Westbank in aid of the Flood Emergency Fund. Canvassers met with good response everywhere, and Mrs. G. W. Stubbs, C. J. Tolhurst and J. N. Basham between them collected \$148.80, while A. T. Arakawa turned in from Japanese residents in the district donations amounting to \$86. The balance of \$393.95 was handed to the postmaster, George Holmes, treasurer of the Flood Emergency Fund in Westbank.

Mrs. J. S. Woodsworth, of Toronto, arrived on Friday of last week, and is the guest of her son and his wife, Mr. and Mrs. Bruce Woodsworth, Westbank.

ANCIENT SURGEONS
Ancient Egyptians are said to have performed amputations and various operations on the eye.

NEW GUIDES ARE ENROLLED

Those enrolling as new Girl Guides at the regular meeting of the Kelowna Girl Guide Company Monday night at the Scout Hall, were Kathleen Dirksis, Toni Carr-Hilton, Bernice Stoltz, Diane Fumerton, Jane Dore, Lareine Ochs and Maureen Miller.

Those who passed tests were Kathleen Archibald cook; Thelma Gagnon, knaps. Plans were made for camp and camp lists given out, with health sheets.

The final Brownie meeting of the season was held at the home of Mrs. H. W. Arbuckle, Abbott Street, Tuesday afternoon.

PATENT FOR TELEPHONE
Alexander Graham Bell, was granted a patent for his fundamental telephone receiver in 1877.

BEAUTIFUL SCULPTURE
Ancient Greek and Roman sculptors produced many masterpieces in terra-cotta, or burnt clay.

TWO CITY BOYS CROSS CANADA IN 22 DAYS

Bill Godfrey and Harold Maguire arrived in Moncton, N.B., last week. The 19-year-old sons of Mr. and Mrs. S. A. Godfrey and Mr. and Mrs. Peter Maguire left Kelowna May 15 and took 22 days to cross Canada—via the thumb. At Lethbridge they stayed with Mr. and Mrs. Lon Blenner-Hassett, Mrs. Blenner-Hassett, being Bill's aunt. The boys stopped off to visit relatives in Regina, Winnipeg and Fort William; and in Ottawa stayed with Major and Mrs. Aymer Boul-

ter. In Moncton the boys are staying with Mr. and Mrs. W. J. Dempsey. Mrs. Dempsey being a sister of Mrs. Godfrey. Bill's uncles, Frank, John and Harold Godfrey and Wilson Manderson, brother of his mother; and grandmother, Mrs. James Godfrey, all live in Moncton. Bill has not seen his relatives since he was four, and his arrival was a complete surprise to them all.

The boys only had to sleep out twice, once in a church and once in a boxcar. They met with the greatest of kindness from everyone, and after Harold had left his wallet under the hotel pillow, the boys were low in funds, a stranger overhearing their conversation gave \$5.

An article in the Moncton Times reviewed the boys' 3,600 mile trip.

SIMPSON MILL FLOODED

The S. M. Simpson Ltd. mill has been operating on day-to-day basis for the past week, and the above picture will give an idea of how the water has seeped into the yard. In the background is the ramp where logs are normally dumped into the lake. A catwalk has been constructed so that workers can enter the mill.

Citizenship Papers Given Local Residents

Ten more names were added Tuesday morning to Canada's ever growing roll of citizens.

The occasion was during the visit here of County Court Judge J. R. Archibald. In a simple ceremony in opening court Tuesday morning, His Honor presented citizenship certificates to ten Kelowna and district residents who had studied hard for the right to be called Canadians.

The address of welcome was given by T. F. McWilliams, local barrister. He pointed out their responsibilities as new Canadians, the advantages and the opportunities that lie before them.

Following are the names of the ten who became Canadians on Tuesday: Julius Berg, 1423 Ethel St.; Hermann Garrett Brummer, Rutland; John Dittich, R.R.3; Johann Hak, R.R.1; William Hellberg, 1615 Ellis St.; William John Siegmund, R.R.1; Mrs. Emma Steinke, 1347 Ethel St.; Leonardo Truant, R.R.2; Ewald Wirth, R.R.2; Wong Ying Dick, 278 Lawrence Ave.

JONES MAKES MAIDEN SPEECH

Deals Extensively With B.C.
Flood Situation and Asks
Relief in Valley

O. L. Jones, M.P. (Yale) was introduced to the House of Commons on Monday, and within five hours made his maiden speech. Mr. Jones dealt extensively with the B.C. flood situation, and asked the Federal government to extend financial relief to other sections of the province, including the Okanagan Valley.

Another instance of quick action on the part of the local M.P. was reported earlier this week when Dave Chapman, Jr., wired Mr. Jones in connection with the highway ban on loaded commercial trucks in the Banff National Park. Mr. Jones interviewed the proper authorities and the local trucking firm was advised the ban would be lifted while the present highway emergency exists.

MUST KEEP RECORDS
Under revised statutes passed by the B.C. government, operators of tourist camps must register camps inside the city limits, and must keep an accurate register of all guests. City Council was informed Monday night.

CITY OFFERS FIREFIGHTERS SALARY BOOST

Wage Increases Range Up To
\$40 a Month Retroactive to
February 1

The City of Kelowna will offer the local firefighters union wage increases ranging from \$5 to \$40 a month retroactive to February 1, it was unanimously decided at the City Council meeting Monday night.

Last week council decided to refuse the recommendations of the board of arbitration in the wage dispute between the city and the firefighters union. Wage increase offered by the city Monday night is the same as the final offer made by City Fathers before the matter went to a board of arbitration. At that time the city indicated it would not necessarily accept the board's ruling.

New wage offer, with the present wage scale in brackets, is as follows:

First year, \$150 (\$135); second year, \$160 (\$140); third year, \$170 (\$145); fourth year, \$180 (\$150). Frank Thomas, local representative for the firemen's union, is on holidays, and was not available for comment as to whether the local firemen would accept the offer.

More About 1 LOCAL MILL

From Page 1, Column 6
upstairs scores of men and women work at full capacity operating the machines which cut the lumber into various sizes before the finished product is turned out.

And as the rumbling machinery turns over—as each log is pulled from the swollen waters of Lake Okanagan—as the well-oiled machinery cuts the finished wood to the proper box size; as every staple

CAMPBELL'S BICYCLE SHOP

Corner Leon Ave. and Ellis St.
2 Blocks South of Post Office

is driven into the paper-thin fruit containers—all thoughts are on the furnace room. Thoughts of men and women, who realize that once the water extinguishes the huge fireboxes, it will silence the machinery, which in turn will result in 500 men and women employed in the local industry going home minus pay cheques.

It's a grim battle, but victory is in sight. The turning point may be lights flicker out.
